Our Product Introduction

## Product Description

### Product Description:

Roof Garden Fragrance is a fresh fragrance inspired by the city's roof garden. It combines urban greenery, floral fragrance and natural herbal elements to show a green, peaceful and pleasant atmosphere in the city. It combines nature with modern urban life, with light floral, herbal and subtle woody notes, as if you are strolling in the city's roof garden and feeling the freshness and tranquility of nature. This fragrance is suitable for daily use and can bring a vibrant natural atmosphere to any space.
Fragrance characteristics:
Top Notes:
Fresh Green Leaves: The top notes of the Roof Garden Fragrance are composed of fresh green leaves with a light herbal scent, as if when you are walking in the garden, the surrounding greenery fills the air, fresh and vibrant.
Citrus Fruits: The light citrus aroma (such as orange and lemon) is added to it, bringing a refreshing and bright feeling, adding vitality and freshness to the fragrance.
Heart Notes:
Floral Notes: The core of the Roof Garden fragrance is the scent of flowers, such as roses, jasmine and violets, which are fresh, sweet and elegant. It represents the flowers blooming in the roof garden, warm and pleasant, with the freshness of morning dew.
Herbaceous Notes: The scent of certain herbs (such as lavender and rosemary) adds a fresh plant scent to the fragrance, making the overall fragrance closer to nature, showing the green and tranquil atmosphere of the city.
Base Notes:
Warm Woody Notes: Mild woody scents such as sandalwood and cedar provide depth and warmth to the base notes of the fragrance. It is like the scent of wooden furniture in the garden, bringing a sense of quietness and stability.
Musk: The delicate musk makes the fragrance more lasting, while also enhancing the overall softness, making the fragrance's tail note deep and not abrupt.

### Features:

Combination of freshness and florals:
Roof Garden Fragrance is a fragrance that combines herbal plants, floral aromas and woody notes. It is light, fresh and layered. It has a sense of green vitality, without losing the floral fragrance and warmth of the garden, perfectly presenting the perfect combination of nature and tranquility in the modern city.
Suitable for use in a variety of occasions:
This fragrance is suitable for various daily scenes, including home environment, personal care, perfume, air freshener, etc. Whether in the bedroom, living room, or bathroom, or used in perfume and toiletries, it can bring a vivid and fresh atmosphere to the space.
Persistence and layering:
This fragrance has strong persistence, and the fragrance is clearly layered, which can keep the space fresh and quiet for a long time. Its fresh breath is intertwined between the top and middle notes, and the warm woody aroma is continuously released in the base, so that the effect of the fragrance continues to spread.
Natural plant essence:
Roof Garden Fragrance is formulated with natural plant extracts and high-quality spices to ensure the purity and naturalness of the fragrance. It does not contain any artificial chemical ingredients and is suitable for sensitive skin and various environments. It is an ideal choice for consumers who like a natural and green lifestyle.

## Applications:

Personal care products:
Roof garden fragrances can be added to personal care products such as perfumes, shower gels, shampoos, and skin creams to bring a fresh and comfortable fragrance experience. After use, the skin will be left with a fresh green leafy floral scent, which helps relieve stress and improves mood.
Home fragrance:
Applicable to home or office environments, use aromatherapy lamps, aromatherapy sticks, air fresheners, etc. to let the fresh breath of roof garden fragrance permeate the space. It is especially suitable for living rooms, bedrooms, study rooms and other areas to bring a natural and pleasant atmosphere to indoor spaces.
Mixed blending:
Roof garden fragrances are better when mixed with other fresh or floral fragrances. For example, mixed with lavender, citrus, rose or sandalwood, a more personalized and unique fragrance can be formulated.
