Product Description

Product Description:

The fragrance essence "English Pear & Freesia" combines the sweet, juicy scent of ripe English pears with the delicate, floral aroma of freesia flowers. It creates a refreshing and sophisticated blend that is both fruity and floral. The pear notes offer a crisp and slightly tart sweetness, reminiscent of freshly sliced pears, while the freesia adds a light, airy floral aspect with hints of freshness and elegance. Together, they create a harmonious fragrance that is uplifting and pleasant, suitable for various applications including perfumes, candles, and other scented products.

The Perfume Fragrance Oil has several advantages that make it stand out from other similar products in the market. First, it has high-temperature resistance, which means that it can withstand high temperatures without losing its aroma. Second, it has high purity and long-lasting fragrance retention, making it suitable for use in different products. Third, it is environmentally friendly and non-toxic, which makes it safe for use in different applications. Finally, the product comes from a manufacturer with over 20 years of experience, ensuring that it meets the highest quality standards.

The Perfume Fragrance Oil is available in free samples, with 10-15 kinds, each about 10 ml. This makes it easy for customers to test the product and choose the one that best suits their needs. The product can be added at a ratio of 5%-15%, depending on the desired fragrance intensity.
