Product Description

Product Description:

Our laundry detergent fragrances can be easily added to water or applied directly to the skin, with an add ratio of 0.1% to 0.5%. This makes it easy to achieve the desired level of fragrance in your laundry or other products. Our fragrances come in both plastic and iron barrels, allowing you to choose the packaging that best suits your needs.

Our fragrances are known by other names, such as nectarine blossom fragrance essence oil, and are designed to provide a long-lasting scent that is resistant to high temperatures. This ensures that your fabrics will continue to smell fresh even after multiple washes.

One of the main advantages of our laundry detergent fragrances is their high purity. We use only the highest quality ingredients in our fragrances, ensuring that they are environmentally friendly and non-toxic. Our fragrances are also designed to be long-lasting, with a fragrance retention that lasts for weeks after washing.

With over 20 years of manufacturing experience, we are committed to providing our customers with the highest quality laundry detergent fragrances. Our fragrances are designed to meet the needs of both commercial and residential customers, providing a fresh and lasting scent to all types of fabrics.
