## Product Description

### Product Description:

Our Air Freshener Fragrances offer several advantages that make them stand out from other products in the market. Firstly, they have high temperature resistance, making them suitable for use in various environments. Additionally, our fragrances have high purity, which leads to long-lasting fragrance retention. This means that the fragrance will continue to provide a pleasant scent even after extended periods of use. Our fragrances are also environmentally friendly and non-toxic, making them safe to use around people and pets. With over 20 years of experience in manufacturing fragrances and flavors, we pride ourselves on the quality of our products. Our Air Freshener Fragrances are no exception, and they are suitable for both daily and industrial use.

Our fragrances are perfect for adding a pleasant scent to any environment, from homes to offices to industrial spaces. They are suitable for use in various air freshening applications, including sprays, candles, and diffusers.

Our Air Freshener Fragrances offer a unique blend of fragrance and flavor that is sure to provide an enjoyable experience. They are perfect for those who appreciate the importance of a pleasant scent in their surroundings.

White tea fragrance provides benefits and efficacy in air freshener products primarily through its unique fragrance and some potential health benefits. Here are some specific **benefits and effects**:

1. **Cover up odor** : The main function of air freshener is to cover up odor by emitting fragrance, and the fragrance of white tea essence can effectively cover up unpleasant odors in the room, such as smoke smell and pet smell.
2. **Improve mood** : The fragrance of white tea can give people a fresh and natural feeling, which helps to improve mood, relieve stress and fatigue.
3. **Purify the air** : Although the air freshener can not fundamentally purify the air, the fragrance of white tea essence can make people feel more fresh air and provide a sense of psychological comfort.
4. **Improve the quality of life** : The use of air fresheners with white tea flavor can improve the comfort and quality of life of the living environment, making people feel more relaxed and pleasant.

It should be noted that the main role of air fresheners is to cover up odors by emitting fragrances, rather than fundamentally removing odors or purifying the air. Therefore, the use of air fresheners should be appropriate, avoid over-reliance, and combined with other methods such as ventilation, the use of air purifiers to improve indoor air quality.
