Product Description

Product Description:

One of the advantages of this product is that it has high temperature resistance, meaning that it can withstand high temperatures without losing its fragrance. This makes it ideal for use in products that require high-temperature processing, such as candles, soaps, and cosmetics.

Another advantage of this product is that it has high purity and long-lasting fragrance retention, which ensures that the fragrance lasts for a long time after application. This is especially important for products such as perfumes, colognes, and air fresheners.

In addition to being high-quality, this product is also environmentally friendly and non-toxic, making it safe for use in any setting. This means that it can be used with confidence in products that are used around children and pets.

With 20 years of manufacturing experience, this product is made with the utmost care and attention to detail, ensuring that it meets the highest standards of quality and purity.

The Blending Essential Oils product comes packed in either plastic or iron barrels, depending on the size of the order. The product is also characterized by a sweet-scented terre fragrance, adding a pleasant aroma to any product it is used in.

Whether you are looking for an aroma diffuser essential oil, fragrance oil essence oil, or fragrance oil essence oil, the Blending Essential Oils product is an excellent choice that will meet all your needs and exceed your expectations.

Advantage:

The quality of our company's products is consistent with that of the top 4 international flavor companies. Our company is very competitive among Chinese flavor companies. In addition to ordinary flavors and fragrances, our imitation fragrance technology is also greatly affirmed, and the number of imitation fragrances is also the most complete. Our products have been sold to more than 80 countries.

* We can imitate everything you want, our advantages are very clear. Please believe us.

* We shape 100% concentrate cosmetic fragrance oil with the highest levels of creativity, performance and naturality to bring the most memorable moments to caring, cleaning and perfuming, sustainably.

"Fragrances bring another layer to Life, they enhance every day's experience"

Applications:

The Plant Fragrance LDZ-PL20049 Blending Essential Oils are the perfect solution for adding fragrance and flavor to a variety of occasions and scenarios. These fragrance oils are made in Guangdong, China and come with COA, MSDS, IFRA, CE, and ISO certifications ensuring their safety and quality.

These blending essential oils are versatile and can be used for various purposes such as Daily Flavor and Industrial Flavor. The light yellow or colorless oils come in plastic or iron barrels of 10ml, 30ml, 125ml, 1kg, 2kg, 5kg, 10kg, 20kg, 25kg, and 200kg sizes, making it easy to use them in different quantities depending on the application.

For daily use, these oils can be added to diffusers, candles, soaps, perfumes, and other personal care products. Whether it's to create a

calming atmosphere or to uplift the mood, these fragrance oils are the perfect choice. They can also be used to create unique blends for aromatherapy and massage oils.

In the industrial sector, these essential oils can be used in the manufacturing of cleaning products, detergents, air fresheners, and other household products. They can also be used in the production of cosmetics, toiletries, and perfumes.

Plant Fragrance also offers free samples of 10-15 kinds, each about 10 ml, making it easier for customers to choose the perfect fragrance and flavor for their application. Payment can be made through T/T, Western Union, Ali Pay, or Paypal, and the supply ability is 2000 kilograms per day.

Overall, the essence fragrance oils from Plant Fragrance are a versatile and high-quality product that can be used in various occasions and scenarios. From personal care to industrial use, these essential oils are the perfect way to add a touch of aroma and flavor to any product.
