## Product Description

### Product Description:

Our concentrated flavor fragrances are formulated with the highest quality ingredients, making them ideal for use in a variety of applications. Whether you're a manufacturer looking for flavor fragrance or a perfumer looking for a unique scent, we have the perfect fragrance for you.

Our fragrances are highly concentrated and have an add ratio of 5%-15%, making them incredibly cost-effective. With just a small amount, you can achieve a powerful and long-lasting scent that will leave a lasting impression.

In addition to our standard range of fragrances, we also offer an OEM service, allowing you to create your own custom fragrance or replicate your favorite perfume. We understand the importance of scent and how it can leave a lasting impression, which is why we are committed to helping you create a fragrance that truly represents you.

Our fragrances come in a range of sizes, from 10ml to 200kg, making them suitable for both small and large-scale applications. Whether you're a hobbyist or a large manufacturer, we have the perfect size for you.

So why wait? Try our concentrated flavor fragrances today and leave the scent of your choice all over with you!

### Advantages:

The quality of our company's products is consistent with that of the top 4 international flavor companies. Our company is very competitive among Chinese flavor companies. In addition to ordinary flavors and fragrances, our imitation fragrance technology is also greatly affirmed, and the number of imitation fragrances is also the most complete. Our products have been sold to more than 80 countries.

\* We can imitate everything you want, our advantages are very clear. Please believe us.

\* We shape 100% concentrate cosmetic fragrance oil with the highest levels of creativity, performance and naturality to bring the most memorable moments to caring, cleaning and perfuming, sustainably.

"Fragrances bring another layer to Life, they enhance every day's experience"

Excellent fragrance retention effects, reduce the volatilization speed of fragrance, and prolong the time of fragrance retention by 2-2.5 times

Increases the strength of fragrance, making the fragrance long-lasting and retain for a long time

Small usage, 20-30% of the fragrance, saving the costs

Almost colorless and odorless, will not affect the original color and smell of the fragrance

#### Applications:

The Plant Fragrance LDZ-PL10701 perfume fragrance is a high-quality product that can be used in various situations and occasions. Here are some of the application scenarios:

**1. Daily Usage:** The perfume fragrance can be used daily as a personal fragrance. It is ideal for people who love sweet scents like the L'Homme Parfum Intense Fragrance. The perfume comes in different packaging sizes, including 10ml, 30ml, 125ml, and 200ml, making it suitable for individual use.

**2. Industrial Flavor:** The perfume fragrance is also used in the industrial sector. It is used in the manufacturing of various products, including detergents, soaps, and other cleaning products. The fragrance adds a pleasant scent to these products, making them more appealing to consumers.

**3. Fragrance Oil for Perfume Making:** The Plant Fragrance perfume fragrance is an ideal ingredient for making perfumes. The concentrated fragrance oil can be used to create unique scents that can leave a lasting impression. The perfume fragrance comes in different packaging sizes, including 1kg, 2kg, 5kg, 10kg, 20kg, and 25kg, making it suitable for both small and large-scale perfume making.

**4. OEM Service:** The Plant Fragrance perfume fragrance also supports OEM services. This means that customers can create their own scent or use other famous perfume scents to create a unique fragrance. The perfume fragrance comes in different packaging sizes, making it suitable for both personal and commercial use.

The Plant Fragrance perfume fragrance is made in China, Guangdong, and has various certifications, including COA, MSDS, IFRA, CE, and ISO. The minimum order quantity is negotiable, and the price ranges from \$20 to be negotiated for 1-49 kilograms. The perfume fragrance comes in different packaging, including carton drum packing and iron drum packing. The delivery time for trial orders is 5-8 working days, while OEM orders take 8-15 working days. The perfume fragrance supports different payment methods, including T/T, Western Union, Ali Pay, and Paypal. The supply ability is 2000 kilograms per day, making it readily available for customers.
