Product Description

Product Description:

Our Perfume Fragrances come in plastic or iron barrel packaging, making them easy to store and use. They are suitable for daily flavor, food flavor, and industrial flavor. The fragrance oils are oil/water-soluble, which means they can be used in various products such as candles, bath bombs, and soap.

At our Perfume Fragrances, we are committed to providing high-quality fragrance oils that meet the needs of our customers. Our fragrance oils are carefully crafted to ensure they have a long-lasting scent that will leave you smelling great all day. With our OEM service, you can create your own signature scent or replicate your favorite perfume. Order our Perfume Fragrances today and experience the world of fragrances like never before!

Advantages:

The quality of our company's products is consistent with that of the top 4 international flavor companies. Our company is very competitive among Chinese flavor companies. In addition to ordinary flavors and fragrances, our imitation fragrance technology is also greatly affirmed, and the number of imitation fragrances is also the most complete. Our products have been sold to more than 80 countries.

* We can imitate everything you want, our advantages are very clear. Please believe us.

* We shape 100% concentrate cosmetic fragrance oil with the highest levels of creativity, performance and naturality to bring the most memorable moments to caring, cleaning and perfuming, sustainably.

"Fragrances bring another layer to Life, they enhance every day's experience"

Excellent fragrance retention effects, reduce the volatilization speed of fragrance, and prolong the time of fragrance retention by 2-2.5 times

Increases the strength of fragrance, making the fragrance long-lasting and retain for a long time

Small usage, 20-30% of the fragrance, saving the costs

Almost colorless and odorless, will not affect the original color and smell of the fragrance
