Product Description

Product Description:

Our Perfume Fragrance Essence Oil is highly concentrated and should be added at a ratio of 5%-15% depending on the desired strength of the fragrance. This means that a little goes a long way, making it a cost-effective option for those who love the scent of pine.

Our Pine Fragrance Oil is available in a variety of sizes to suit your needs. You can choose from 10ml, 30ml, 125ml, 1kg, 2kg, 5kg, 10kg, 20kg, 25kg, and 200kg packing sizes. This ensures that you can purchase the amount that is just right for you, whether you are a hobbyist or a commercial producer.

Our Pine Fragrance Essence Oil is also known as Pine Fragrance Oil and Pine Perfume Fragrance Essence. Whatever you choose to call it, you can be sure that you are getting a high-quality product that is perfect for all your fragrance needs.

Pine essence oil is commonly used in detergents to provide multiple **benefits and effects** in terms of fragrance:

1. **Fresh Aroma:** Pine essence oil imparts a fresh pine scent to detergents, which is often perceived as refreshing and natural, helping to mask other chemical odors.
2. **Disinfectant Effect:** Pine essence oil contains herbal extract, which have antibacterial and disinfectant properties, enhancing the cleaning effectiveness of detergents.
3. **Enhanced User Experience:** Aroma is crucial to the sensory experience of users. Pine essence oil gives detergents a unique fragrance, making the cleaning process more pleasant and comfortable.

In summary, pine essence oil not only adds a pleasant pine fragrance to detergents but also enhances their disinfectant properties and improves the overall user experience, making detergents more effective and enjoyable for everyday use.

Features:

Fresh Woody Aroma:

Pine essential oil has a rich, fresh woody aroma with hints of pine needles and resins. Its aroma is often described as refreshing, natural, and slightly spicy, with an uplifting effect.

Natural Extraction: Pine essential oil is usually extracted from the needles and branches of pine trees (such as white or red pine) through steam distillation. It is a natural essential oil and does not contain synthetic ingredients.

Refreshing: Pine essential oil helps to freshen the air and enhance focus and concentration. It is often used in aromatherapy to help

refresh the mind and relieve fatigue.

Relaxing and Soothing:

Despite its fresh aroma, pine essential oil also has a relaxing effect. It is often used in massage oils and bath salts to help relieve muscle tension and stress.

Versatility:

Fragrance Products: It can be used in perfumes, air fresheners, and scented candles to add a natural woody aroma.

Cleaners: Its antibacterial properties make it a common ingredient in natural cleaning products, such as cleaning sprays and household cleaners.

Skin care products: Used in some skin care products, it helps cleanse and soothe the skin.

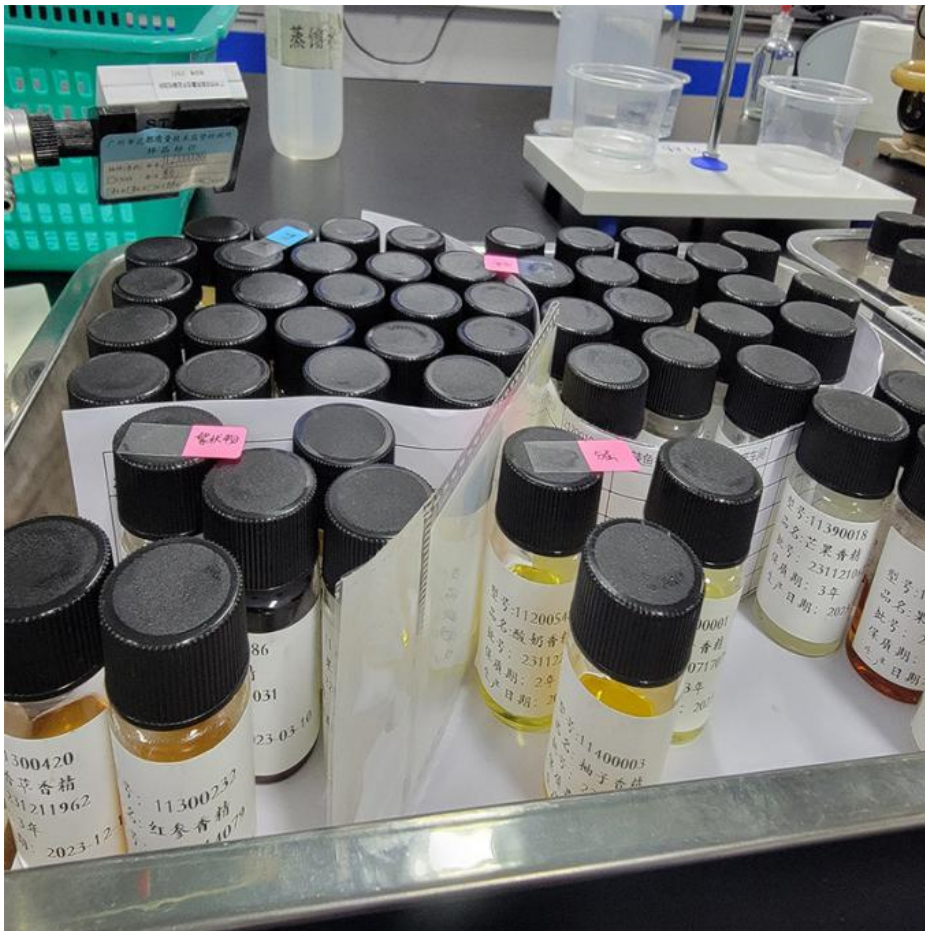

Blending flexibility:

Pine essential oil can be mixed with other essential oils such as lavender, rosemary, mint, etc. to create a variety of aroma combinations to meet different needs and preferences.

Applications:

The Plant Fragrance scented essential oil is a versatile product that can be used in a variety of applications. Whether you are looking to create your own perfume, add a pleasant aroma to your home, or enhance the scent of your personal care products, this perfume fragrance essence is the perfect solution.

One of the most popular uses for this perfume fragrance oil is in creating your own signature scent. With a high purity and long-lasting fragrance retention, this oil is perfect for blending with other scents to create a unique and personalized fragrance that is all your own.

If you are looking for a way to freshen up your home, the Plant Fragrance scented essential oil can help with that too. Simply add a few drops to a diffuser or spray bottle to fill any room with a pleasant aroma. Whether you prefer the scent of pine, lavender, or something else entirely, this perfume fragrance oil is sure to please.

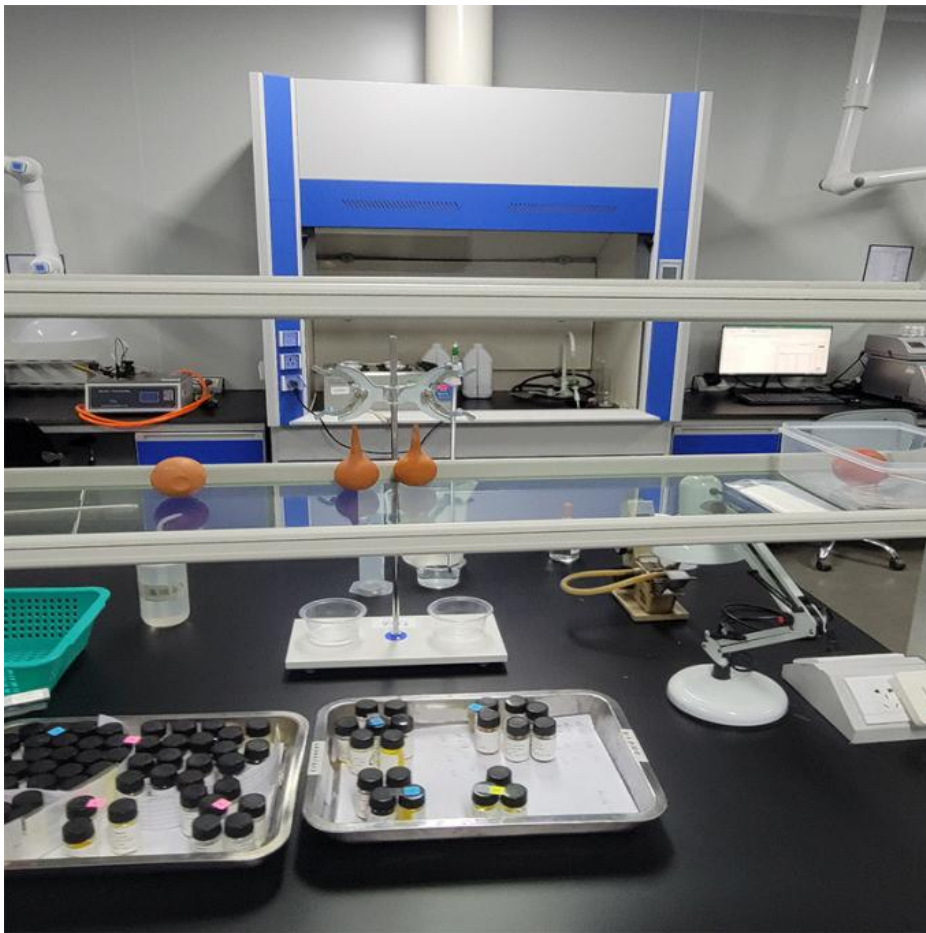

In addition to its use in perfumes and home fragrances, this oil can also be used in a variety of personal care products. Whether you are making your own soap, lotion, or shampoo, the Plant Fragrance scented essential oil can add a pleasant scent to your products without the use of harsh chemicals. And because it is environmentally friendly and non-toxic, you can feel good about using it in your daily routine.

With more than 20 years of manufacturing experience, this perfume fragrance essence oil is of the highest quality. It is also certified by COA, MSDS, IFRA, CE, and ISO, so you can be sure that you are getting a safe and reliable product.

Other names for this perfume fragrance oil include Pine Fragrance, Pine Fragrance Essence Oil, and more. It is recommended to use 5%-15% add ratio for best results.
