Sample	Free samples, 10-15 kinds, each about 10 ml

#### Odor:

The fragrance of springtime typically carries fresh, light, and vibrant qualities. Here are some common adjectives and descriptions:

1. **Fresh:** Springtime fragrances are often fresh, with natural herbal notes reminiscent of newly sprouted grass or fresh green leaves.
2. **Floral Abundance:** With the blooming of springtime flowers, scents may feature delicate floral notes such as cherry blossoms, tulips, lily of the valley, or violets, emitting a soft floral aroma.
3. **Fruity:** Springtime scents may also include sweet fruity notes like pear, apple, or lemon, offering a light and sweet aroma.
4. **Moist Earth:** The aroma of springtime often includes the scent of moist earth, reminiscent of the earth after a rain, bringing a fresh, natural feel.
5. **Sunny:** Springtime fragrances may evoke a sunny, warm feeling, as if basking in the gentle sunlight of a spring day.
6. **Vibrant:** Springtime scents often have a lively quality, as if all plants and flowers are awakening, emitting a natural and energetic aroma.
7. **Gentle Breeze:** The fragrance of springtime can be light and soft, like a gentle breeze brushing against the face, providing a comforting freshness.
8. **Morning Dew:** Springtime aromas may also carry the freshness of morning dew, as if the early morning air is still imbued with dampness and a refreshing quality.

These descriptions convey the light, natural, and vibrant characteristics of springtime fragrances.

#### Applications:

The Plant Fragrance LDZ-PL30021 is a high-quality fragrant diffusion oil that has a wide range of applications in various industries. It is an aroma-producing essence that contains scented diffusing scents, which are perfect for creating a pleasant ambiance in any environment. This product is made in China, Guangdong and has been certified by COA, MSDS, IFRA, CE, and ISO, ensuring that it is safe and of high quality.

One of the advantages of using Plant Fragrance LDZ-PL30021 is its high-temperature resistance. This makes it perfect for use in industrial settings where high temperatures are common. Its high purity and long-lasting fragrance retention also make it a favorite among those who want to keep their environment smelling fresh and clean. Additionally, it is environmentally friendly and non-toxic, making it safe for use in any setting.

The Plant Fragrance LDZ-PL30021 comes in various packing sizes, ranging from 10ml to 200kg. It can be packed in either plastic or iron barrels, depending on the customer's preference. It has a minimum order quantity, and the price ranges from \$20.00 for 1-49 kilograms. The packaging details are also customizable, with carton drum packing and iron drum packing options available.

The Plant Fragrance LDZ-PL30021 is perfect for daily flavor and industrial flavor use. It can be used in a wide range of applications, including but not limited to:

Hotels and resorts

Hospitals and healthcare facilities

Offices and conference rooms

Retail stores

Restaurants and cafes

Spas and wellness centers

Event venues

#### Home fragrance use

The Plant Fragrance LDZ-PL30021 is perfect for any occasion and scenario where a pleasant scent is desired. Its long-lasting fragrance retention ensures that the ambiance remains pleasant for an extended period. With over 20 years of manufacturing experience, customers can trust that they are getting a high-quality product that will meet their needs.

Ordering the Plant Fragrance LDZ-PL30021 is easy, with payment methods such as T/T, Western Union, Ali Pay, and Paypal available. The supply ability is 2000 Kilogram/Kilograms per Day, making it easy to get the product when needed. The delivery time for trial orders ranges from 5-8 working days, while OEM orders take 8-15 working days.
