Product Description

Product Description:

Our Fragrance Perfume Oil is made with high-quality ingredients and is environmentally friendly and non-toxic. With 20 years of manufacturing experience, we have perfected the art of creating long-lasting fragrances that are perfect for use in perfumes, candles, soaps, and other scented products.

Our fragrances are specially designed to have a high temperature resistance, making them perfect for use in candles and other heated products. Additionally, our fragrances are highly pure, ensuring that they retain their fragrance for a long time.

Our Fragrance Perfume Oil is also known as Cocoa Vanilla Essence Oil or Cocoa Vanilla Fragrance Essence Oil. It is perfect for creating a sweet and warm aroma that is perfect for use in candles, soaps, and perfumes.

The use of cocoa vanilla fragrance in aromatherapy candles offers several **benefits and effects**:

1. **Relaxation and Calmness:** The scent of cocoa vanilla has a warm and soothing effect, helping to relieve stress and relax both body and mind. These candles are particularly suited for evening use, assisting in unwinding and preparing for sleep.
2. **Creating a Cozy Atmosphere:** The combination of cocoa and vanilla creates a comfortable and inviting atmosphere. Their gentle and sweet aroma makes the space feel warmer and more intimate, ideal for family gatherings or romantic dinners.
3. **Improving Indoor Air Quality:** While the primary role of fragrance oils is to provide scent, some oils (such as vanilla) also have mild air-purifying properties, which can help eliminate indoor odors.
4. **Enhancing Fragrance Longevity:** Adding cocoa vanilla fragrance to candles enriches and layers the scent. This combination not only makes the fragrance last longer while the candle burns but also leaves a lingering aroma in the air.
5. **Evoking a Sense of Pleasure:** The scent of cocoa is often associated with sweetness and happiness, while vanilla enhances this sense of pleasure. Together, they can create a joyful and comfortable mood, boosting overall well-being.

Overall, cocoa vanilla fragrance in aromatherapy candles provides a comprehensive sensory experience, filling the space with a captivating aroma while offering relaxation and a pleasant ambiance.

Characteristics:

Candle fragrances have several **characteristics**:

| |
|---|
| Heat Resistance: Candle burning generates heat, so fragrances need strong heat resistance to withstand this without degradation. |
| Moderate Volatility: Fragrances should release their aroma slowly during the burning process—neither too quickly nor too slowly |
| Long-lasting Scent: Since candles burn for an extended period, fragrances must have strong longevity to continuously emit aroma. |
| Non-toxic: Candles are used indoors, so fragrances must be free from harmful substances to ensure safety. |
| Good Solubility: Candle fragrances should dissolve evenly in wax without layering or crystallizing. |
| Color Coordination: Ideally, fragrances should complement the candle's color for aesthetic appeal. |
| Moderate Price: Considering candle pricing, fragrance costs should be relatively affordable. |

In summary, candle fragrances require a balance and optimization across heat resistance, longevity, solubility, and other factors to meet various candle usage requirements effectively.

Applications:

The Plant Fragrance Perfumed Fragrance Oil, also known as scented essential oil or scented perfume oil, is a high-quality product originating from Guangdong, China. It has been certified by various authorities such as COA, MSDS, IFRA, CE, and ISO, ensuring the product's quality and safety for use.

Plant Fragrance Perfumed Fragrance Oil is perfect for a wide range of occasions and scenarios. It is a popular choice for those who enjoy using fragrances in their homes, cars, or offices to create a relaxing and inviting atmosphere. The fragrance oil is long-lasting and offers a pure and natural scent that is perfect for aromatherapy purposes.

The Plant Fragrance Perfumed Fragrance Oil is available in various packing sizes such as 10ml, 30ml, 125ml, 1kg, 2kg, 5kg, 10kg, 20kg, 25kg, and 200kg, making it versatile and suitable for various needs. The product also comes with OEM services, allowing customers to customize the fragrance according to their preferences.

One of the advantages of using Plant Fragrance Perfumed Fragrance Oil is its high temperature resistance, making it suitable for use in various environments. It also has high purity, ensuring a long-lasting fragrance retention that is perfect for creating a relaxing atmosphere. Additionally, it is environmentally friendly and non-toxic, making it safe for use around children and pets. With over 20 years of manufacturing experience, customers can trust the quality and effectiveness of the Plant Fragrance Perfumed Fragrance Oil.

Customization:

Product Customization Services:

- Tailor your own home fragrance for a tranquil and rejuvenating ambiance.
- Design personalized aromatherapy blends to promote relaxation and upliftment.
- Customize your home fragrance with a unique scent tailored to your preferences.

For perfume fragrance oils, we offer OEM support for creating your own signature scent or replicating popular perfumes, ensuring your chosen fragrance stays with you wherever you go.

Our high-quality product has a shelf life of 1-3 years and comes with the advantage of 20 years of manufacturing experience. It is suitable for use in a range of perfume products and is commonly referred to as Perfume Fragrance Oil.

We support OEM customization, including logo, product volume net content, product packaging, and a variety of fragrances to choose from.

Support and Services:

Our Fragrances Oil products come with technical support and services to ensure that you get the most out of your purchase. Our team of experts is available to assist you with any questions or concerns you may have about the product. We offer a range of technical support services, including:

Product installation and setup guidance

Troubleshooting and problem resolution

Product updates and upgrades

General product usage assistance

In addition to our technical support services, we also offer a range of other services to help you get the most out of your Fragrances Oil product:

Customized training and education programs

Expert consulting services

On-site support and maintenance

Product customization and development services

Our goal is to provide you with the best possible support and services to ensure that you are completely satisfied with your Fragrances Oil purchase.

Packing and Shipping:

Product Packaging:

Our fragrance essence oils come in a stable Plastic Or Iron bottle. The bottle is then carefully placed in a sturdy cardboard box with cushioning material to ensure safe delivery to your doorstep.

Shipping:

The fragrance product is carefully packed and shipped in a secure and protective box to ensure that it reaches our customers in perfect condition. We use reliable and efficient shipping services to ensure that our customers receive their orders on time. We also provide tracking information for every order, so customers can track their package and know when to expect their delivery.
