## Product Description

### Product Description:

The Tooth Cleanse Scent is oil and water-soluble, making it ideal for use in a variety of applications. Our product is perfect for adding the fresh scent of toothpaste to your homemade lotions, soaps, and perfumes. You can use it to create your own signature scent, or you can use it to replicate your favorite toothpaste fragrance.

We also offer OEM services for our fragrance oil. If you have your own scent or want to replicate a famous perfume, our team can help you. We can create a custom scent for you that will leave the scent of toothpaste all over you!

At our company, we understand that you may want to try our product before placing an order. That's why we offer free samples for testing. You can try our Toothpaste Perfume before making a purchase to ensure that it's the perfect fit for your needs.

So why wait? Add the fresh scent of toothpaste to your life with our Toothpaste Perfume. Order now and experience the refreshing scent of mint every day!

The **benefits and effects** of mint fragrance essence oil in toothpaste can be summarized as follows:

1. **Freshens Breath:** Mint fragrance essence oil effectively eliminates bad odors, leaving the breath feeling fresh for longer.
2. **Invigorates:** The cooling sensation from the essence oil can help refresh and invigorate, providing a sense of vitality.
3. **Enhances Brushing Experience:** The refreshing minty feel improves the comfort and enjoyment of the brushing process.
4. **Masks Other Ingredient Odors:** Mint fragrance essence oil helps mask any unpleasant smells from other ingredients in the toothpaste, improving the overall sensory experience.
5. **Increases Product Appeal:** The distinctive minty scent from the essence oil can attract consumers and enhance the product's market competitiveness.

### Applications:

The Plant Fragrance Toothpaste Perfume, is a high-quality product made in Guangdong, China. It has multiple certifications, including COA, MSDS, IFRA, CE, and ISO, ensuring its safety and quality. This perfume is available in different sizes, ranging from 10ml to 200kg, and it is oil and water-soluble.

The Toothpaste Fragrance Essence Oil has a fresh and long-lasting fragrance, making it perfect for different occasions and scenarios. It is suitable for adding a pleasant scent to toothpaste, mouthwash, and other oral care products, leaving the mouth feeling fresh and clean. This perfume can also be used in air fresheners, diffusers, and candles to create a relaxing environment that smells like fresh mint. The Cool Mint Fragrance Essence Oil is perfect for this purpose, as it has a refreshing and invigorating scent that can help reduce stress and anxiety levels.

The Fresh Breath Perfume is ideal for personal use, as it can be added to body wash, lotions, and perfumes, leaving the skin smelling fresh and minty. It is also perfect for creating a relaxing and refreshing atmosphere in spas and salons, providing a pleasant experience for customers.

The Plant Fragrance Toothpaste Perfume has a high temperature resistance, making it perfect for use in hot climates and during the summer months. Its high purity and long-lasting fragrance retention also make it a popular choice among customers who are looking for an environmentally friendly and non-toxic product that provides a pleasant scent for an extended period.

The perfume comes in different packaging options, including carton drum packing and iron drum packing. The delivery time for trial orders is 5-8 working days, while OEM orders take 8-15 working days. Payment can be made through T/T, Western Union, Ali Pay, or Paypal. In conclusion, the Plant Fragrance Toothpaste Perfume is a versatile product that can be used in different ways to create a fresh and pleasant scent. Its high quality, safety, and multiple certifications make it a reliable choice for personal and commercial use.

### Customization:

Our high-quality product has a shelf life of 1-3 years and comes with the advantage of 20 years of manufacturing experience. It is suitable for use in a range of perfume products and is commonly referred to as Perfume Fragrance Oil.

We support OEM customization, including logo, product volume net content, product packaging, and a variety of fragrances to choose from.

### Packing and Shipping:

#### Product Packaging:

Our fragrance essence oils come in a stable plastic or iron bottle. The bottle is then carefully placed in a sturdy cardboard box with cushioning material to ensure safe delivery to your doorstep.

#### Shipping:

The fragrance will be shipped in a cardboard box with appropriate cushioning materials to prevent damage during transit. The product will be shipped using a reliable courier service with a tracking number provided to the customer for easy monitoring of the shipment status. Shipping is available within internationally, with varying delivery times and rates depending on the destination.
