#### Applications:

**Green apple essential oil plays a very key role in the production of toothpaste:**

**Fresh breath :** Green apple essential oil has a fresh, sweet, fruity aroma, which can significantly improve oral odor and make breath more pleasant and fresh.

**Improves using experience :** The addition of green apple essential oil can also improve the using experience of toothpaste, make the toothpaste have more pleasant taste and aroma, and increase the user's pleasure.

**Natural sweetness:** Green apple essential oil can increase the natural sweetness of toothpaste and reduce the bitter feeling when used, but this requires careful control of the amount of use, so as not to affect oral health.

**Herbal ingredients:** Compared to artificial flavors, natural green apple essential oil may be more suitable for those who are sensitive to chemical ingredients.

**Psychological relief:** The fragrance of green apple helps to relax the mood and make the daily brushing process more comfortable.
