With our 20 years of experience in the industry, you can trust us to provide you with products that meet your needs and exceed your expectations.

Why choose us?:

1. Raw material advantage

Fresh:Raw materials are processed quickly from place of origin to factory to ensure freshness.

Nature:Have cooperative base in raw material the place of origin.

Traceable:Specialty-assigned professional management.Strictly control the quality of raw materials

2. Technology advantage

Low temperature cycle stage extraction,analyzed the advantages and disadvantages of various extraction methods, combined with the characteristics of raw materials, geographical advantages and equipment output value and other factors, through repeated scientific experiments, finally confirmed that low temperature sub-extraction method has become the bottom extraction technology of all kinds of

concentrate.

3.Break through technical difficulties

The extraction process was completed under the condition of low temperature, and the good components were better preserved in the extraction process, which overcame the corruption of the extraction solution and the dissolution of impurities in the traditional extraction process. Breaking through the technical problems of insufficient head fragrance of flower concentrates, turbidity of tea concentrates, obvious bitter and astringent flavour of coffee concentrates, oxidation of citrus concentrates.

3. Products advantages

Liquid form, storage at room temperature
Anti-corrosion, anti-oxidation, stability
High level of flavor reproduction
Customized services
