Product Description

Product Description:

Extracted from fresh peach pulp, **Peach Essential Oil(Model Number:LDZ-PL80003)** is rich in vitamins A, C and antioxidants, nourishing and repairing the skin. Its natural fragrance is refreshing and pleasant, instantly lifting your mood and giving your skin a pleasant skincare experience.

Benefits of adding to skincare products:

- Deeply moisturizes, locks in moisture, and leaves skin soft and smooth.
- Improves skin texture and improves elasticity.
- Lightly exfoliates to help skin regain its radiance.
- Relieves tension and stress, suitable for daily relaxation.

Our Peach Essential Oil is made with only the highest quality ingredients, ensuring that every drop is effective and long-lasting. With only 0.1%-0.5% added, a small amount goes a long way, making it an affordable choice for any business owner. We understand that trying new products can be a daunting task, which is why we provide free samples of our aromatherapy essential oils to all potential customers. This allows you to test the product in person and make sure it suits your needs before purchasing in bulk.

Overall, our aromatherapy essential oils are the perfect choice for anyone who wants to add a pleasant scent to their products. With its high-quality ingredients, long-lasting effectiveness, and cost-effective addition ratio, it's a must-have for any business owner who wants to stand out in a crowded market.

Why Choose Us:

Raw material advantage	<p>*Fresh Raw materials are processed quickly from place of origin to factory to ensure freshness.</p> <p>*Nature Have cooperative base in raw material the place of origin.</p> <p>*Traceable Specially-assigned professional management. Strictly control the quality of raw materials</p>
Technology advantage	<p>*Low temperature cycle stage extraction Analyzed the advantages and disadvantages of various extraction methods, combined with the characteristics of raw materials, geographical advantages and equipment output value and other factors, through repeated scientific experiments, finally confirmed that low temperature sub-extraction method has become the bottom extraction technology of all kinds of concentrate.</p> <p>*Break through technical difficulties The extraction process was completed under the condition of low temperature, and the good components were better preserved in the extraction process, which overcame the corruption of the extraction solution and the dissolution of impurities in the traditional extraction process. Breaking through the technical problems of insufficient head fragrance of flower concentrates, turbidity of tea concentrates, obvious bitter and astringent flavour of coffee concentrates, oxidation of citrus concentrates.</p>
Products advantages	<p>* Liquid form, storage at room temperature</p> <p>* Anti-corrosion, anti-oxidation, stability</p> <p>* High level of flavor reproduction</p> <p>* Customized services</p>

Linolenic Acid	≥10%(g/g)	30%	Confirmed

Applications:

Peach essential oil(Model Number:LDZ-PL80003) is widely used in daily life and industrial production, **mainly in the following aspects:**

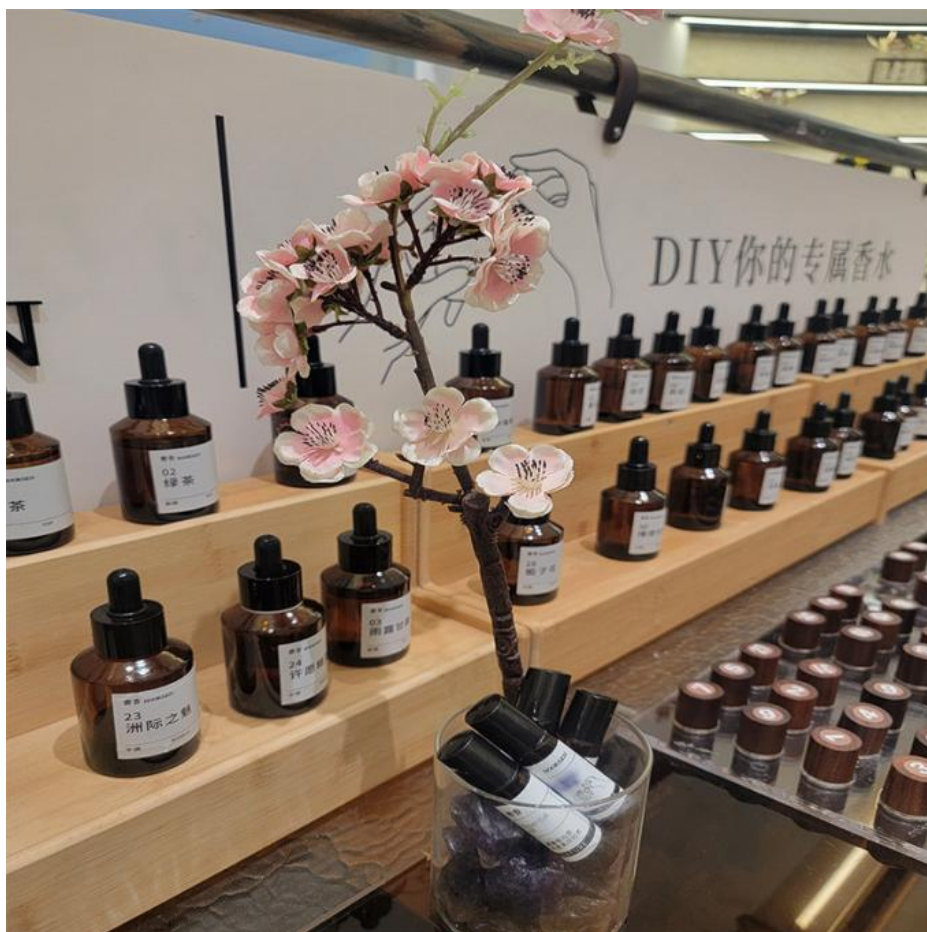

Application in daily life

- 1. Skin care products:** Peach essential oil is often used in skin care products such as creams, lotions, and essences, which can deeply moisturize the skin and improve skin quality.
- 2. Aromatherapy:** As an aromatic essential oil, peach essential oil can be used in aromatherapy lamps or diffusers to bring a fresh fruity scent, help relax and improve mood.
- 3. Handmade soap and bath products:** It can be used to make homemade soaps, shower gels and bath salts to add fragrance and enhance skin care effects.
- 4. Household cleaning products:** The natural aroma of peach essential oil can be used in detergents to increase the pleasure of cleaning.
- 5. Perfume:** As one of the ingredients of perfume, peach essential oil can add a sweet and fresh scent.

Application in industrial production

- 1. Cosmetics industry:** Peach essential oil is added to various cosmetics to enhance the aroma and efficacy of the product.
- 2. Food and Beverages:** In some foods and beverages, peach essential oil can be used as a natural flavoring agent to add peach flavor.
- 3. Personal care products:** Such as shampoo, conditioner, shaving cream, etc., peach essential oil can provide nourishing and aromatic effects.
- 4. Cleaning products:** It is used to produce a variety of cleaning agents and disinfectants, which can both clean and provide a pleasant aroma.
- 5. Spices and condiments:** In some food industries, peach essential oil can be used as a condiment ingredient.

Peach essential oil has been widely favored in daily life and industrial production due to its unique aroma and skin care effects, and has become an important ingredient to improve product quality and consumer experience.

Support and Services:

Our Fragrance Oils are carefully crafted blends of essential oils and aroma chemicals that deliver a unique scent experience.
