## Product Description

### Product Description:

**Our essential oils (Model Number: LDZ-PL90007)** are versatile, as they can be used in everyday fragrances, industrial fragrances, and even as a fragrance oil for toothpaste. With its high-quality ingredients and versatility, our essential oils are perfect for those who want to create a unique and beautiful scent. Extracted from the peel of fresh oranges, Orange Essential Oil has a fresh, bright citrus aroma that instantly lifts your mood and brings a sense of happiness. Main Ingredients: Pure and natural orange extract and others, Orange Essential Oil can bring freshness and vitality to your life!

### Why Choose Us:

#### 1. Raw material advantage

**Nature:** Have cooperative base in raw material the place of origin.

**Fresh:** Raw materials are processed quickly from place of origin to factory to ensure freshness.

**Traceable:** Specially-assigned professional management. Strictly control the quality of raw materials

#### 2. Technology advantage

Low temperature cycle stage extraction, analyzed the advantages and disadvantages of various extraction methods, combined with the characteristics of raw materials, geographical advantages and equipment output value and other factors, through repeated scientific experiments, finally confirmed that low temperature sub-extraction method has become the bottom extraction technology of all kinds of concentrate.

#### 3. Break through technical difficulties

The extraction process was completed under the condition of low temperature, and the good components were better preserved in the extraction process, which overcame the corruption of the extraction solution and the dissolution of impurities in the traditional extraction process. Breaking through the technical problems of insufficient head fragrance of flower concentrates, turbidity of tea concentrates, obvious bitter and astringent flavour of coffee concentrates, oxidation of citrus concentrates.

#### 3. Products advantages

Liquid form, storage at room temperature  
Anti-corrosion, anti-oxidation, stability  
High level of flavor reproduction  
Customized services
