Product Description

Product Description:

With a 2-year shelf life, this scented fragrance oil is long-lasting and perfect for a variety of uses. Whether you're creating your own perfume, making candles or bath products, flavoring your cooking, or just want to add a pleasant scent to your home, our Lychee scented essential oil is the perfect choice.

Also known as Lychee scented essential oil or fruity essential oil, our scented fragrance oil is easily soluble in both oil and water. This makes it versatile and easy to use in a variety of applications.

We are proud to offer samples of our scented fragrance oil so that you can try them out before making a large purchase. We believe in the quality of our products and are confident that you will enjoy our Lychee scented essential oil as much as we do.

So whether you're a perfumer, candle maker, dessert chef, or just love the scent of lychee, our scented fragrance oil is the perfect choice to add a pleasant aroma to any project or space.

Why Choose Us?

| | |
|-------------------------------|---|
| Raw material advantage | <ul style="list-style-type: none"> *Fresh Raw materials are processed quickly from place of origin to factory to ensure freshness. *Nature Have cooperative base in raw material the place of origin. *Traceable Specially-assigned professional management. Strictly control the quality of raw materials |
|-------------------------------|---|

| | |
|-----------------------------|---|
| Technology advantage | <p>*Low temperature cycle stage extraction</p> <p>Analyzed the advantages and disadvantages of various extraction methods, combined with the characteristics of raw materials, geographical advantages and equipment output value and other factors, through repeated scientific experiments, finally confirmed that low temperature sub-extraction method has become the bottom extraction technology of all kinds of concentrate.</p> <p>*Break through technical difficulties</p> <p>The extraction process was completed under the condition of low temperature, and the good components were better preserved in the extraction process, which overcame the corruption of the extraction solution and the dissolution of impurities in the traditional extraction process. Breaking through the technical problems of insufficient head fragrance of flower concentrates, turbidity of tea concentrates, obvious bitter and astringent flavour of coffee concentrates, oxidation of citrus concentrates.</p> |
| Products advantages | <p>* Liquid form, storage at room temperature</p> <p>* Anti-corrosion, anti-oxidation, stability</p> <p>* High level of flavor reproduction</p> <p>* Customized services</p> |
