## Product Description

### Product Description:

Our Essence Fragrance is made from high-quality coffee fragrance, which is known for its long-lasting fragrance and high temperature resistance. This makes it perfect for use in a variety of settings, from home to office to spa. The light yellow or colorless liquid is easy to use and offers a pure and natural fragrance that is perfect for anyone seeking a relaxing and calming environment.

Our Coffee Fragrance Essence Oil is also known by other names, such as Coffee Fragrance, Coffee Fragrance Essence, Coffee Flavor, and Coffee Flavour. This versatile product is perfect for anyone looking to add a pleasant and refreshing scent to their space.

Our Aromatherapy Fragrances are stored in a cool and dry place, away from sunlight, to ensure that they maintain their high quality and long-lasting fragrance retention. We take great care to ensure that our products are environmentally friendly and non-toxic, so you can feel confident that you are using a safe and sustainable product.

We are proud to have over 20 years of experience in manufacturing high-quality Aromatherapy Fragrances and Essence Fragrances. Our customers can trust that our products are made with the highest level of care and attention to detail, ensuring that they receive a product that is both effective and safe to use.

In summary, our Aromatherapy Fragrances are a perfect addition to any space, providing a long-lasting, high-quality fragrance that is perfect for creating a calming and relaxing environment. Made from high-quality coffee fragrance, our Essence Fragrance is easy to use and offers a pure and natural fragrance that is perfect for anyone seeking a refreshing scent. With over 20 years of experience in the industry, our customers can trust that our products are made with the highest level of care and attention to detail, ensuring that they receive a product that is both effective and safe to use.

### Why Choose Us?

<b>Raw material advantage</b>	<p>*Fresh Raw materials are processed quickly from place of origin to factory to ensure freshness.</p> <p>*Nature Have cooperative base in raw material the place of origin.</p> <p>*Traceable Specially-assigned professional management. Strictly control the quality of raw materials</p>
<b>Technology advantage</b>	<p>*Low temperature cycle stage extraction Analyzed the advantages and disadvantages of various extraction methods, combined with the characteristics of raw materials, geographical advantages and equipment output value and other factors, through repeated scientific experiments, finally confirmed that low temperature sub-extraction method has become the bottom extraction technology of all kinds of concentrate.</p> <p>*Break through technical difficulties The extraction process was completed under the condition of low temperature, and the good components were better preserved in the extraction process, which overcame the corruption of the extraction solution and the dissolution of impurities in the traditional extraction process. Breaking through the technical problems of insufficient head fragrance of flower concentrates, turbidity of tea concentrates, obvious bitter and astringent flavour of coffee concentrates, oxidation of citrus concentrates.</p>
<b>Products advantages</b>	<p>* Liquid form, storage at room temperature</p> <p>* Anti-corrosion, anti-oxidation, stability</p> <p>* High level of flavor reproduction</p> <p>* Customized services</p>

#### Technical Parameters:

## Applications:

Coffee Fragrance, model number LDZ-PL100007, is an essence fragrance that is perfect for various flavor and fragrance applications. With its high-temperature resistance, Coffee Fragrance can be used in a wide range of occasions and scenarios. It can be used in the production of perfumes, soaps, candles, air fresheners, and other household products, providing a long-lasting fragrance retention that is both pure and environmentally friendly. Its non-toxic properties make it safe to use, even in small spaces. **The application of coffee essential oil in daily life and industrial production mainly includes the following aspects:**

**Daily life:**

**Aromatherapy:** Coffee essential oil is often used in aromatherapy machines to help refresh the mind, relieve fatigue, and create a comfortable home environment.

**Skin care products:** Added to skin care products, the antioxidant properties of coffee help improve skin condition, promote blood circulation, and slow down aging.

**Home cleaning:** It can be used to make homemade cleaners, provide a fresh coffee aroma, eliminate odors, and enhance the cleaning experience.

**Perfume:** As the base ingredient of perfume, it adds a unique coffee aroma to attract consumers.

**Industrial production:**

**Food industry:** Used as a flavor additive in coffee drinks, baked goods and desserts to enhance the coffee flavor of the product.

**Cosmetics industry:** Used as a fragrance ingredient to enhance the market competitiveness of products and attract consumers to buy.

**Spice manufacturing:** As the basic ingredient of spices, it is mixed with other spices to create new fragrances to meet different needs.

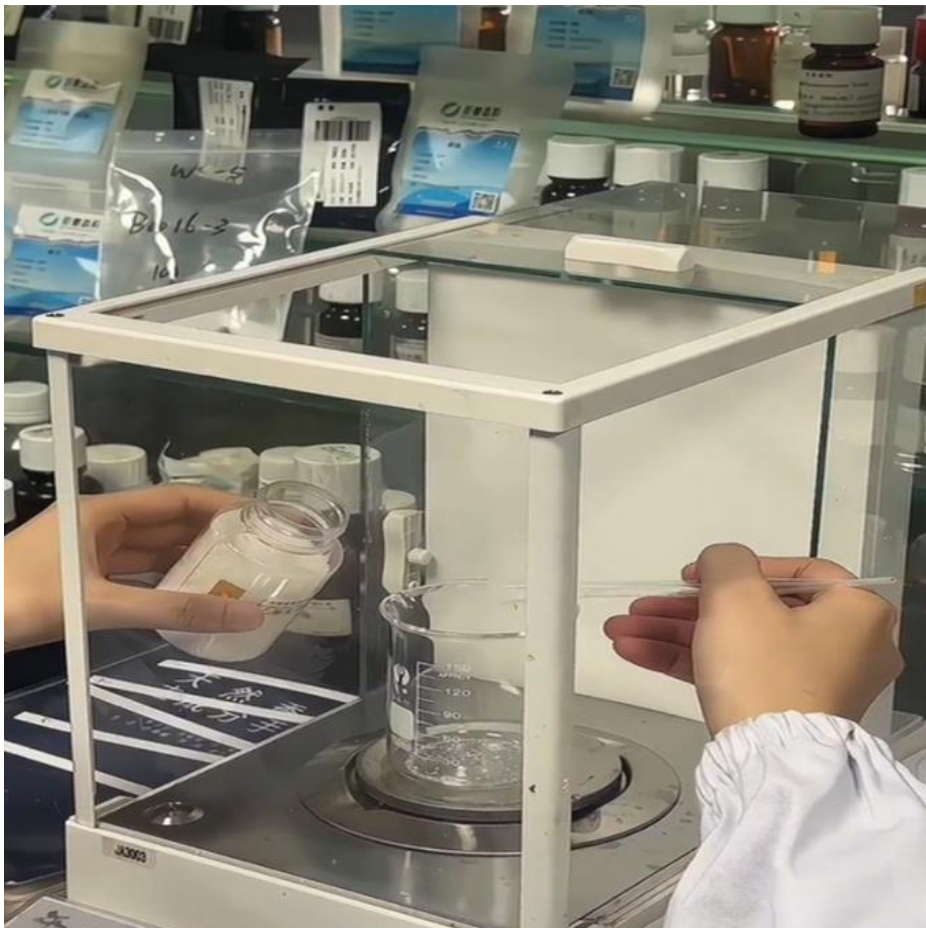

In conclusion, Plant Fragrance is a versatile and high-quality flavor and fragrance product that is perfect for various applications. Its purity, long-lasting fragrance retention, and non-toxic properties make it an excellent choice for those who want to create a pleasant and safe environment.

### Support and Services:

Our Aromatherapy Fragrances product comes with technical support and services to ensure a seamless and satisfactory experience for our customers. Our team of experts is available to assist with any product-related inquiries and provide troubleshooting solutions. Additionally, we offer maintenance and repair services to ensure that our product is functioning at its best. Our goal is to provide exceptional technical support and services to ensure that our customers are fully satisfied with their purchase.

## Packing and Shipping:

### Product Packaging:

Our fragrance essence oils come in a stable plastic or iron bottle. The bottle is then carefully placed in a sturdy cardboard box with cushioning material to ensure safe delivery to your doorstep.

### Product Shipping:

The fragrance oil will be shipped using a reliable courier service.

The package will be properly sealed to prevent any leaks or spills.

Shipping times will vary based on the location of the customer.

Shipping rates will be calculated based on the destination and weight of the order.
