## Product Description

### Product Description:

Zhenhua Ebony Fragrance Essence Oil is an extremely precious and elegant fragrance that is widely used in high-end perfumes and is famous for its deep, rich woody aroma. Ebony, also known as "agarwood", exudes a mysterious and elegant fragrance that combines smoky, sweet and subtle spices, giving people a sense of classicism and luxury. As the core fragrance of perfume, this essential oil can add a unique personality and charm to the wearer. Zhenhua Ebony Fragrance Essence Oil uses its rare spices as a base, combining wood, smoke and warm spicy notes to create a fragrance experience with depth and persistence. The top notes are often light spices and citrus notes, followed by the thick, soft and slightly sweet core notes of ebony, and finally with warm amber and musk as the base, bringing a lingering aftertaste. This essential oil is very suitable for those who pursue unique fragrances and show their own style.
