Product Description

Product Description:

This essential oil (Model Number: LDZ-PL40047) is primarily used in scented candle making, and one of its main benefits is that it helps to relax and reduce stress. Many people use this product to help them unwind after a long day or to create a calming atmosphere in their home or office. The soothing aroma of this essential oil helps to relieve tension and create a sense of peace and tranquility.

In addition to its relaxation benefits, this essential oil is also known for improving mood. The sweet scent of peony flowers is uplifting and energizing, making it a great choice for those who need to add a little positivity to their day. Whether you are feeling down or just need a pick-me-up, this essential oil will definitely help improve your mood.

In terms of quality, this essential oil is second to none. It has a shelf life of 1-3 years, depending on whether it has been opened. If it is sealed and stored in a cool, dry place, it can last up to three years. Once opened, it should be used within a year to ensure maximum freshness and effectiveness.

In conclusion, the blended essential oil product is a must-have for anyone who loves essential oils, fragrance oils, or essence oils. It is a high-quality product that offers a range of benefits, from promoting relaxation to improving mood. With its sweet scent and long shelf life, it's sure to become a must-have in your collection.

Features:

As the main fragrance in scented candles, peony essential oil brings elegant and fresh floral fragrance, which is suitable for enhancing the comfort and style of the home environment. **Its characteristics include:**

- 1. Elegant floral fragrance:** sweet and soft floral fragrance, creating a warm and comfortable atmosphere.
- 2. Soothing emotions:** Helps relieve stress and anxiety, suitable for meditation or rest.
- 3. Gentle and non-pungent:** The fragrance is natural, not too strong, and blends harmoniously with other fragrances.
- 4. Romantic atmosphere:** Suitable for creating a romantic mood, especially for dating or special occasions.
- 5. Enhance elegance:** Enhance the elegance of the space, suitable for living rooms, bedrooms, etc.
- 6. Long-lasting diffusion:** Maintain the fragrance for a long time, suitable for long-term lighting.

7. **Daily use:** Suitable for daily relaxation or creating a fresh fragrance.

Applications:

Peony essential oil(Model Number:LDZ-PL40047) is widely used in daily life and industrial production. It is not only loved for its elegant and fresh floral fragrance, but also widely used in various products for its unique soothing, relaxing effects and versatility. **The following are the main application areas of peony essential oil:**

Application in daily life:

Aromatherapy candles and essential oil diffusers: Peony essential oil is often used in aromatherapy candles, aromatherapy diffusers and other products to help create an elegant and comfortable home atmosphere. Its floral fragrance can relax the body and mind, relieve stress, and enhance the atmosphere of the space.

Personal care products: Peony essential oil is widely used in personal care products such as perfume, shower gel, body lotion and hand cream. These products use the natural fragrance of peony to give people a fresh and fragrant feeling while enhancing the skin care experience.

Household cleaning products: Some household cleaning products such as air fresheners, detergents and household cleaning sprays use peony essential oil to make the cleaned home space full of natural floral fragrance, fresh and lasting.

Bath and massage: Peony essential oil can be used in bath and massage oil to help relieve fatigue, relax muscles, and bring a pleasant aromatic experience. Adding it to bath water or massage oil not only helps to relax, but also moisturizes the skin.

Application in industrial production:

Perfume and cosmetics industry: Peony essential oil occupies an important position in perfume manufacturing. Because of its fresh and natural floral fragrance, it is often used as a middle note or base fragrance. At the same time, the cosmetics industry also uses a large amount of peony essential oil to add fragrance to products, such as face creams, skin care essences, etc.

Detergents and cleaning products: Industrial detergents, fabric softeners, detergents and other products use peony essential oil as an additive to enhance the product's fragrance experience and meet consumers' demand for fresh fragrance.

Candle and aromatherapy production: In the production process of scented candles and aromatherapy diffusers, peony essential oil is one of the popular spices, which can bring high-end aromatic effects to the products, in line with consumers' pursuit of an elegant lifestyle.

Home care products: Home care products in industrial production, such as furniture polishes, air fresheners, etc., also use peony essential oils to increase the attractiveness of the products and provide a fresh and pleasant aroma.

Textile fragrance treatment: Some high-end textile manufacturers use peony essential oils for fragrance treatment to give clothing, bedding, etc. a lasting fragrance and increase the added value of the products.

Peony essential oils have a wide range of applications in daily life and industrial production, involving personal care, household cleaning, aromatherapy products, industrial fragrance addition and other fields. It not only provides a unique floral scent for the product, but also brings a soothing and relaxing functional experience, meeting consumers' demand for high-quality life.
