Product Description

Product Description:

If you are looking for a high-quality essential oil that will make your product stand out, then our essential oils are the perfect choice. A perfect blend of natural flower extracts and synthetic essential oils, our essential oils are the perfect choice for those who want to create a unique scent that is long-lasting and memorable.

Our essential oils are suitable for a variety of uses, including making aromatic perfume essences, adding pleasant aromas to candles, soaps, lotions, shampoos, and more. With a wide range of scents to choose from, you are sure to find the perfect scent to suit your needs.

At our company, we understand that it is important to try products before you buy them. That's why we offer free samples of our essential oils. Each sample is 2 ml, and we encourage you to contact us for sample details. We are confident that once you try our essential oils, you will be addicted!

Lastly, our essential oils are highly concentrated, which means you only need to add a small amount to your product to get the scent you want. We recommend using an addition ratio of 0.1%-0.5% for best results. Whether you are making aromatic perfume essences or adding aromatic essential oils to your products, our essential oils are the perfect choice. Order yours today and experience the delightful aroma for yourself!

Applications:

The Fragrance Oil (Model Number:LDZ-PL20062) is used in daily floral flavors for shampoo making. Its ingredients consist of natural floral extracts and synthetic fragrance oils. The fragrance oil is safe for external use only and should avoid contact with eyes.

The Fragrance Oil (Model Number:LDZ-PL20062) is an excellent choice for those who want to create a fragrant perfume essence. It can also be used as a scented perfume oil. **The fragrance oil can be used in various occasions and scenarios, including:**

Personal care products: It can be used in the production of personal care products, such as shampoos, conditioners, lotions, and soaps.

The fragrance oil can add an alluring scent to these products, making them more attractive to users.

Home fragrances: It can be used to create home fragrances, such as candles, diffusers, and room sprays. These products can fill the room with a pleasant scent, creating a relaxing and soothing atmosphere.

Perfumes: It can be used as a base for perfumes, adding a unique scent to the fragrance. The fragrance oil can be blended with other essential oils to create a personalized perfume.

Bath products: It can be used to create bath products, such as bath bombs and salts. These products can add a pleasant scent to the bathwater, making the bath more relaxing and enjoyable.

Support and Services:

Our Fragrance Oils are made with high-quality ingredients to provide the best possible scent experience. If you have any technical questions about our products or need assistance with their use, our dedicated support team is available to help you. Our services include:

Product troubleshooting and technical support

Assistance with product selection and usage

Information on product safety and handling
