Product Description

Product Description:

Cantaloupe essential oil is 100% pure natural cantaloupe extract, without synthetic additives, to ensure the pure aroma. Cold pressing or steam distillation technology is used to retain the natural flavor and nutrients of cantaloupe.

Fresh aroma: Cantaloupe essential oil exudes a sweet, fruity scent that can quickly enhance the indoor atmosphere and bring a pleasant feeling.

Multifunctional use: Aromatherapy: Suitable for use in aromatherapy lamps and diffusers to help relax the body and mind and relieve stress. Skin care effect: Can be added to skin care products to help moisturize and repair the skin, suitable for all skin types. Air freshener: Used as a natural air freshener to remove odors and create a fresh and comfortable home environment.

Convenient use: Can be added to diffusers, skin care products or home freshener sprays with a few drops, easy to use, suitable for daily life.

Suitable for people: Safe and gentle, suitable for people of all ages, especially for those who need to relax and improve their mood.

Environmental characteristics: Cantaloupe essential oil comes from sustainable planting, in line with environmental protection concepts, attracting consumers who pay attention to ecology and health.

Why Choose Us:

Raw material advantage	<ul style="list-style-type: none"> *Fresh Raw materials are processed quickly from place of origin to factory to ensure freshness. *Nature Have cooperative base in raw material the place of origin. *Traceable Specially-assigned professional management. Strictly control the quality of raw materials
-------------------------------	---

Technology advantage	<p>*Low temperature cycle stage extraction</p> <p>Analyzed the advantages and disadvantages of various extraction methods, combined with the characteristics of raw materials, geographical advantages and equipment output value and other factors, through repeated scientific experiments, finally confirmed that low temperature sub-extraction method has become the bottom extraction technology of all kinds of concentrate.</p> <p>*Break through technical difficulties</p> <p>The extraction process was completed under the condition of low temperature, and the good components were better preserved in the extraction process, which overcame the corruption of the extraction solution and the dissolution of impurities in the traditional extraction process. Breaking through the technical problems of insufficient head fragrance of flower concentrates, turbidity of tea concentrates, obvious bitter and astringent flavour of coffee concentrates, oxidation of citrus concentrates.</p>
Products advantages	<p>* Liquid form, storage at room temperature</p> <p>* Anti-corrosion, anti-oxidation, stability</p> <p>* High level of flavor reproduction</p> <p>* Customized services</p>

Applications:

Plant Fragrance LDZ-PL100027 is a food grade concentrated liquid oil with a sweet cantaloupe aroma. It is designed for a variety of food products such as bakery, ice cream, cakes, cookies, candy, etc. The fragrance and taste of the LDZ-PL100027 flavor are perfect for adding a sweet and delicious aroma to a variety of foods. You can create unique and pleasing scented foods that will attract your customers. It is a great choice for those who want to enhance the taste and flavor of their food. Whether you are baking cakes, making ice cream, or preparing candy, the plant flavor LDZ-PL100027 is your perfect solution.

Application in daily life:

Aromatherapy: Cantaloupe essential oil is widely used in aromatherapy because of its fresh and sweet aroma. Releasing the aroma through an aromatherapy lamp or diffuser can help relieve stress, boost mood, and create a comfortable home environment.

Home Freshener: It can be used as a natural air freshener, added to a spray bottle, to remove odors and emit a fresh cantaloupe aroma, suitable for use in living rooms, bedrooms and other spaces.

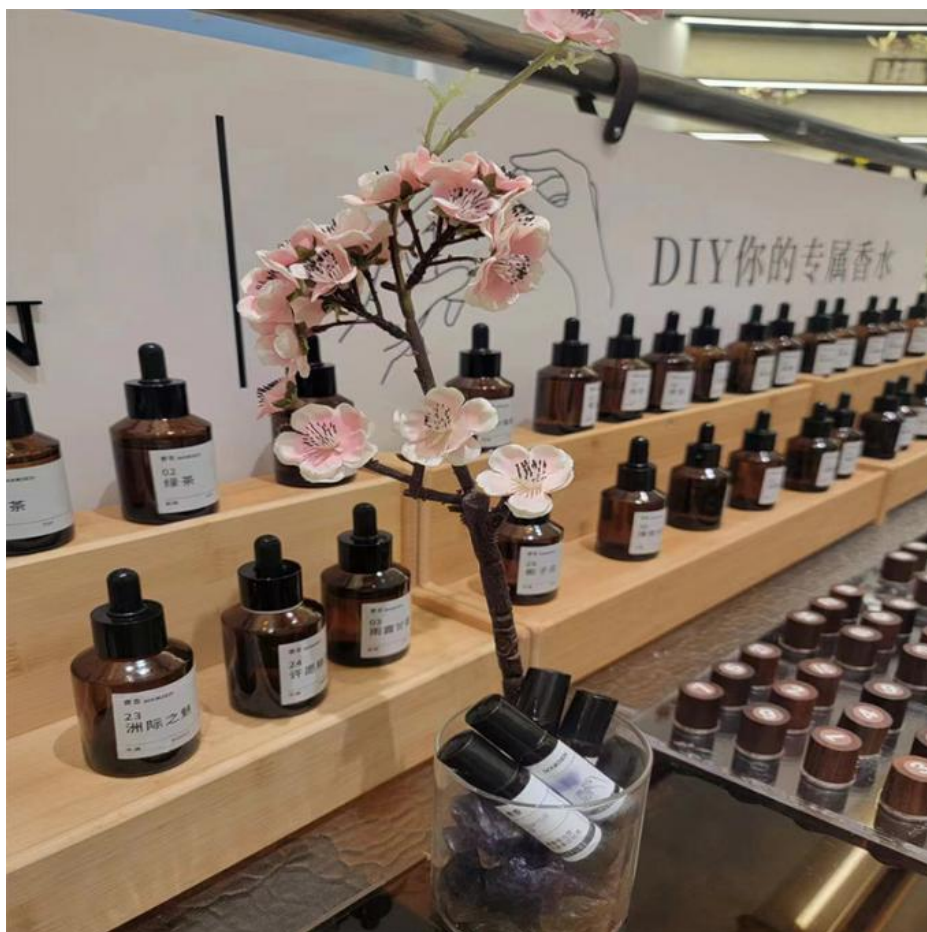

DIY handicrafts: suitable for making handmade soaps, candles and sachets, etc., adding natural fruity fragrance to attract consumers who love handmade DIY.

Application in industrial production:

Cosmetics industry: Hami melon essential oil is used as a fragrance and skin care ingredient in cosmetics, which can add a unique fragrance to the product, enhance user experience and meet market demand.

Cleaning products: In the manufacture of household cleaning products, Hami melon essential oil is used as a fragrance ingredient, which not only adds a fresh smell, but also attracts consumers who pay attention to fragrance.

Food industry: As a natural food additive, Hami melon essential oil can be used in baking, beverages and other products to give a unique fruit flavor, but it must meet food safety standards.
