## Product Description

### Product Description:

The Seaweed Essence/Sea Sedge Fragrance Essence Oil is one of our most popular fragrances. It is made from natural ingredients and is a food grade essential oil. This fragrance is perfect for adding to your seafood dishes or for giving your products a fresh, oceanic scent. It is also great for use in aromatherapy fragrances.

Our Food Fragrance Oil Essential Oil is available in 2ml samples that we can provide to you free of charge. Please contact us for sample details. We want to make sure that you are completely satisfied with our fragrances before making a purchase.

Our fragrances are best stored in a cool, dry place and in tightly sealed containers to maintain the freshness and longevity of the product. They are highly concentrated and a little goes a long way, so be sure to use them sparingly.

Our Food Fragrances product is perfect for food manufacturers and home cooks alike. Whether you are looking to add a unique aroma to your products or want to experiment with different fragrance and flavor combinations, our fragrances are the perfect solution. Try them out today and take your food products to the next level!

### Features:

**Unique aroma:** Seaweed essential oil has a unique marine scent with a light salty aroma, which can add a natural and fresh atmosphere to the environment.

**Aromatherapy:** Suitable for use in aromatherapy lamps or diffusers to help relax the body and mind, improve concentration, and is suitable for office and home environments.

**Food seasoning:** It can be used as a natural seasoning and added to cooking to add a unique marine flavor to dishes, especially suitable for Asian cuisine.

**Convenient use:** It is easy to use, just a few drops are added to the diffuser, cooking or skin care products, suitable for a variety of scenarios in daily life.

**Suitable for people:** Safe and gentle, suitable for people of all ages, especially for people who like marine flavors and natural skin care.

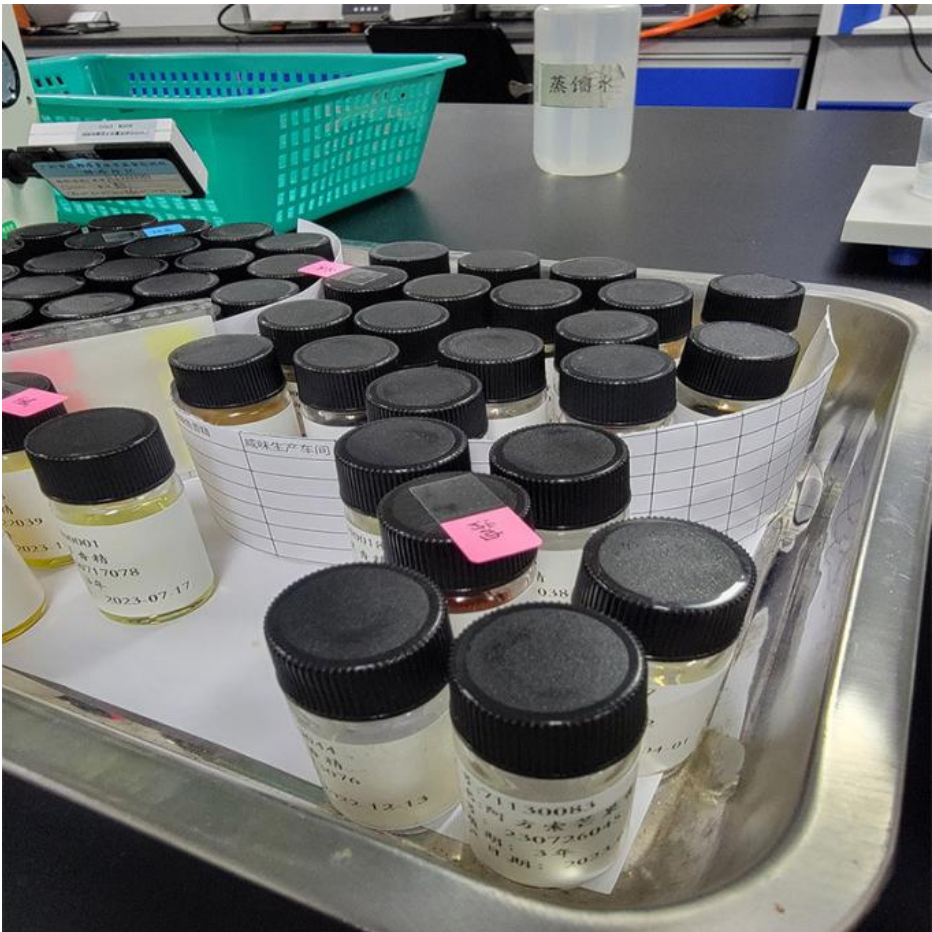

**Environmental characteristics:** Seaweed essential oil comes from sustainable fishing, in line with environmental protection concepts, and attracts consumers who pay attention to ecology and health.

### Technical Parameters:

Solubility	The 1ml sample is soluble in 3ml volume fraction of 90% ethanol, a clear and transparent liquid	Qualified	Confirmed

### Reference Addition:

product type	reference addition(%)	produce type	reference addition(%)
perfume	5%-15%	paint	0.05%-0.2%
laundry detergents	0.1%-0.5%	candle	1.2%-3%
shampoo and hair conditioner	0.1%-0.5%	toys	0.1%-0.5%
dish wash	0.1%-0.6%	body wash	0.1%-0.5%
soap type	0.8%-1.5%	air freshener	0.4%-0.8%

### Applications:

This product is perfect for adding a sweet and savory scent to baked goods such as cakes, biscuits, and bread. It is also ideal for adding a delicious aroma to candies and ice cream. The Plant Fragrance LDZ-PL100029 is made in China, Guangdong, and it has passed certifications such as COA, MSDS, IFRA, CE, and ISO, ensuring its high quality.

#### Application in daily life:

**Aromatherapy:** With its fresh and natural aroma, seaweed essential oil is suitable for use in aromatherapy lamps and diffusers to help relieve stress, improve concentration, and add a comfortable atmosphere to home and office environments.

**Food seasoning:** As a natural seasoning, seaweed essential oil can be used in cooking, especially in Asian dishes to add marine flavor and enhance the deliciousness of food.

**Skin care products:** Due to its moisturizing properties, seaweed essential oil can be added to skin care products to help retain skin

moisture. It is suitable for dry and sensitive skin and enhances the natural radiance of the skin.

Home freshener: It can be used as a natural air freshener and added to a spray bottle to remove indoor odors, emit a fresh marine scent, and improve the comfort of the living environment.

**Application in industrial production:**

Cosmetics industry: In the production of cosmetics, seaweed essential oil, as a fragrance ingredient, not only provides a unique aroma, but also has a skin care effect, suitable for a variety of skin care and beauty products.

Food industry: Seaweed essential oil can be used as a food additive to give ready-to-eat foods and condiments a unique seafood flavor, attracting consumers who have a demand for marine flavors.

Cleaning products: In the manufacture of cleaning products, seaweed essential oil can be used as a fragrance ingredient to increase the fresh smell of the product and attract users who like natural fragrance.

Perfume and fragrance manufacturing: Seaweed essential oil can be used as a unique ingredient in perfumes and fragrances to provide inspiration for the creation of novel fragrance combinations and meet the market demand for personalized perfumes.
