Product Description

Product Description:

Our essential oils are perfect for perfume making and offer a variety of scents to help you create unique and charming scents. Whether you want to create a sweet floral scent or a rich musky scent, our essential oils can meet your needs. "In the Mood for Love" fragrance products are usually centered on a romantic, retro and sensual atmosphere, conveying a sense of nostalgia and elegance

Fragrance:

Top notes: Fresh citrus and soft floral scents, such as lemon and bergamot, bring a fresh opening.

Middle notes: Mainly based on classic oriental floral scents such as rose and jasmine, with rich layers and warm sensuality.

Base notes: Calm woody or musk, such as sandalwood and patchouli, brings a long and lasting aftertaste.

Temperament and atmosphere:

Many "In the Mood for Love" fragrances highlight retro feelings and oriental charm, often reminiscent of the romance and sophistication of old times.

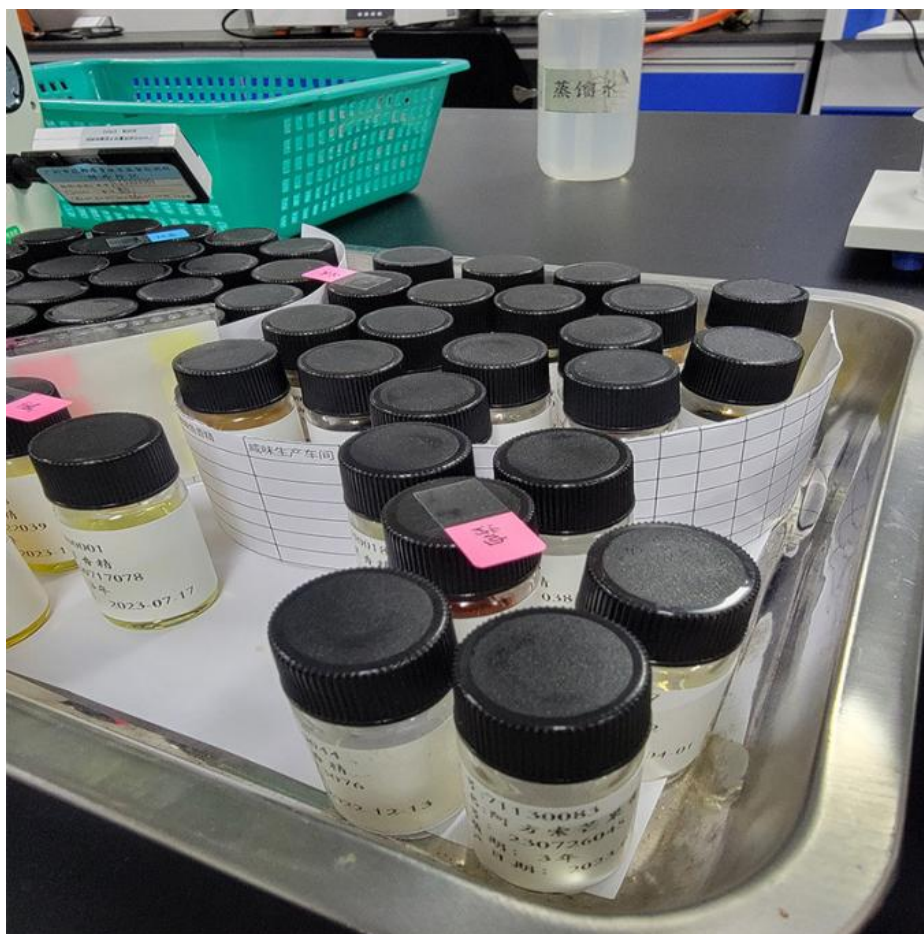

This fragrance is suitable for those who love classics and elegance, both gentle and with a hint of mystery.

Applications:

Plant Fragrance, model LDZ-PL10037, is a concentrated fragrance that can be used in various occasions and scenes. The fragrance is produced in Guangdong, China and is certified by COA, MSDS, IFRA, CE and ISO.

1. Personal care products

Perfume: used for personal fragrance, especially for users who like retro and romantic atmosphere.

Body lotion, scented soap: body lotion and soap products with "In the Mood for Love" fragrance not only add fresh and elegant fragrance, but also bring a lasting fragrance experience.

Hair care products: shampoo, conditioner, etc. are also often added with this fragrance to add a fresh and gentle fragrance.

2. Home products

Air freshener, scented candle: in home fragrance, this fragrance is used to add a retro and warm atmosphere, suitable for scenes such as living rooms and bedrooms.

Aromatherapy essential oil: can be used directly in the diffuser to make the whole space filled with romantic fragrance.

3. Industrial production

Fragrance treatment of textiles: Some textile products such as fabrics and towels will add "In the Mood for Love" fragrance to give the product a slight fragrance and enhance the user experience.

Detergents and washing products: Some laundry detergents and detergents use this kind of fragrance to give the cleaned clothes or household items a lasting fragrance effect.

Beauty cosmetics: Many creams, lotions, lotions and other cosmetics add a small amount of "In the Mood for Love" fragrance to make them more attractive and fragrant.

4. Gift and decoration industry

Sachets and sachets: Used in traditional sachets and sachets and other small accessories to add elegance as retro gifts.

Festival gifts: Scented candles, perfume gift boxes, etc. are used as gifts, especially for occasions such as Mid-Autumn Festival and Spring Festival that need to express traditional beauty.

In general, "In the Mood for Love" fragrance is widely used to enhance the fragrance effect of products due to its classic and elegant characteristics, satisfying consumers' preference for retro and romantic atmosphere.
