Product Description

Product Description:

Arabian essential oil is a rich and long-lasting alcohol-free fragrance product. It is a carefully blended natural plant essential oil that brings a long-lasting oriental fragrance. Selected ingredients such as sandalwood, musk, and ambergris make every drop exude a unique and charming scent. Suitable for daily wear, it brings you a natural fragrance experience that lasts up to a whole day, fresh but not too pungent, suitable for all skin types.

Rich and lasting: Arabian essential oil has a long-lasting fragrance due to its high concentration of natural essential oils. A small amount can make the fragrance last for several hours, which is suitable for users who prefer long-lasting fragrance.

Alcohol-free formula: Natural alcohol-free ingredients are gentler and non-irritating to the skin, and sensitive skin can also be used with confidence.

Multi-layered fragrance: Combining traditional Arabic spices such as sandalwood, rose, musk, and amber, each essential oil has a rich sense of top notes, middle notes, and base notes, gradually releasing a luxurious fragrance.

Suitable for daily and formal occasions: Not only suitable for daily wear, but also for banquets and important occasions, adding a unique personal temperament.

Applications:

Plant Fragrance is a highly concentrated flavor fragrance product that is perfect for personal and industrial perfume making. It is a model number LDZ-PL10179 product that comes from Guangdong, China. The product is certified COA, MSDS, IFRA, CE, and ISO, ensuring its quality and safety standards.

Application in daily life

Personal fragrance substitute: Arabica essential oil is often used for daily personal fragrance as a substitute for traditional perfume. Because it does not contain alcohol, the smell is long-lasting, and it is easy to apply to the pulse points such as wrists and neck, it is suitable for keeping the fragrance all day.

Body care: Arabica essential oil can be used for body care, which has moisturizing and softening effects, especially after bathing, it can keep the skin fresh and fragrant. Suitable for users who pay attention to natural care.

Home fragrance: Put a small amount of Arabica essential oil in a diffuser or humidifier to add a fresh fragrance to the home environment and create a warm and comfortable atmosphere. It can also be used for wardrobe fragrance. By dropping a small amount of essential oil on cotton cloth, keep the clothes fresh.

Meditation and relaxation: Some Arabica essential oil ingredients (such as sandalwood and musk) have a calming effect and are suitable for meditation, yoga or daily relaxation to help relieve stress and fatigue.

Application in industrial production

Perfume manufacturing: Arabian essential oil is widely used in perfume production for its rich and lasting fragrance. As the core component of natural fragrance, it can increase the level and concentration of perfume and is favored by luxury fragrance brands.

Cosmetics and care products: Arabian essential oil is often used as the fragrance component of cosmetics and skin care products, adding oriental fragrance to the products, catering to consumers' demand for high-end fragrance products. Commonly found in products such as face creams, body lotions, and hand creams.

Household cleaning and fragrance products: In household cleaning products such as scented candles, air fresheners, and laundry detergents, Arabian essential oil is widely used for its lasting fragrance and natural properties, providing users with a better home experience.

Essential oil fragrance industry: As a natural fragrance, Arabian essential oil has a unique oriental fragrance that is suitable for use in mixed fragrances in the essential oil fragrance industry, providing basic raw materials for the production of high-end perfumes and diffuser essential oils.

Customization:
