Product Description

Product Description:

Arabian fragrance is a unique scent that blends rich Eastern spices with classic woody notes, creating a luxurious, mysterious, and deep aroma. This fragrance perfectly combines the rich flavors of Arabic traditional culture with modern perfumery techniques, making it an ideal choice for expressing confidence and individuality.

This perfume essence is light yellow or colorless, which makes it highly versatile and easy to mix with other ingredients. It is a highly concentrated flavor essence that provides a long-lasting fragrance and is suitable for high-end venues such as hotels and shopping malls.

Features:

Fragrance characteristics

Top notes

The collision of charming spicy notes (such as pepper and saffron) and a hint of fruit (such as sweet orange or dried fruit) brings a fresh but full start.

Mid-notes

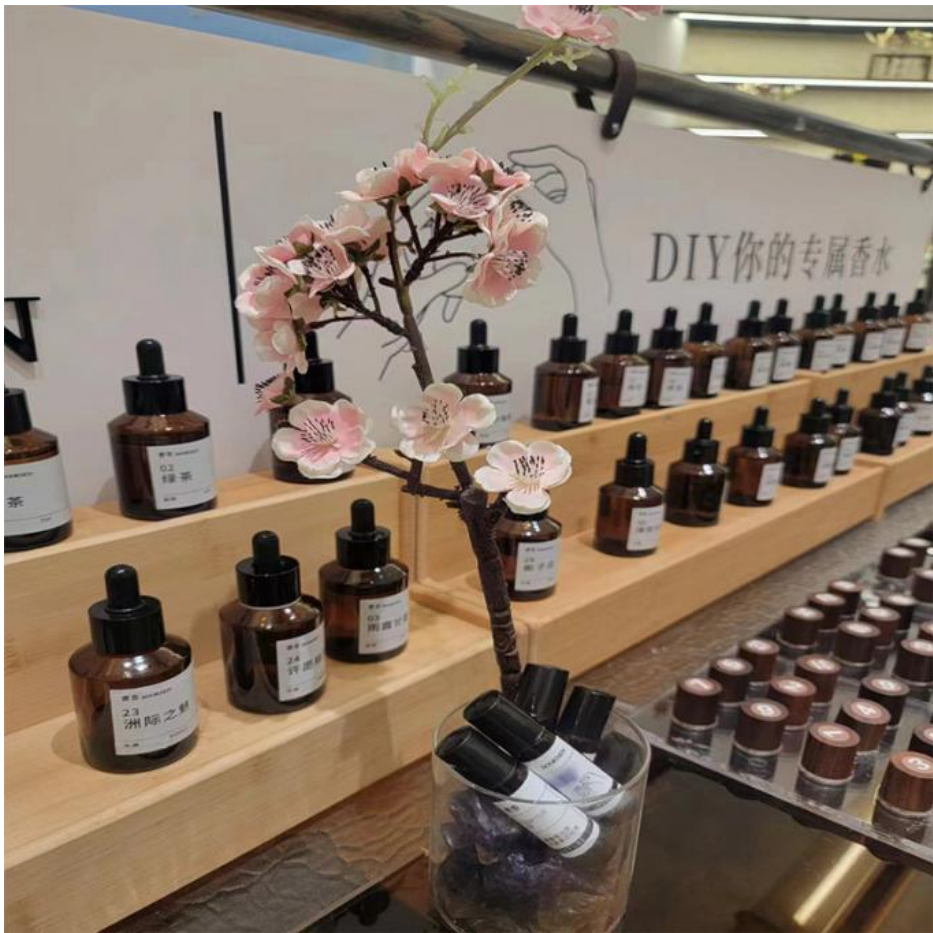

A deep fusion of floral and spice notes, including classic floral notes such as rose and jasmine, as well as warm spices such as cinnamon, cloves and cardamom.

Base notes

The classic oriental base notes, the woody charm of ebony, agarwood and sandalwood, intertwined with warm elements such as amber, musk and ambergris, have a long and intoxicating aftertaste.

Inspiration

Inspired by the vast scenery of the Middle Eastern desert and the fragrance of the ancient spice market, the Arabian fragrance essence shows the unique luxury and mysterious charm of Arab culture.
