Product Description

Product Description:

Our fragrance oils come in a light yellow or colorless liquid form, making them easy to use and mix. They are also known as Fragrance Essence, providing a luxurious and high-quality scent. We offer free samples, allowing you to try out our fragrances before committing to a larger purchase.

Our fragrance oils have a variety of uses, making them versatile and practical for all your needs. They are perfect for daily flavor use, adding a pleasant scent to your shampoo or other personal care products. The fragrance oil is a popular choice for shampoo making, providing a refreshing scent.

Our fragrance oils are not just limited to personal use. They are also suitable for industrial use, providing a long-lasting and pleasant scent to your products.

Our fragrance oils are made with the highest quality ingredients and are a great choice for those looking for a natural and eco-friendly option. They are also free from harsh chemicals and additives, making them safe for use around the home and on the body.

Choose Shampoo Fragrances for all your flavor fragrance needs. We offer a wide range of scents. Our fragrance oils are perfect for adding a pleasant scent to your daily routine or for use in industrial applications. Contact us today to learn more about our products and services.

Features:

1. High-quality fragrance, enhance product appeal

Shampoo fragrance uses high-quality fragrance ingredients to bring a unique and fresh fragrance to shampoo, enhance the sensory experience of the product, and enhance consumers' desire to use it. Its fragrance is rich and lasting, and it makes the hair emit a pleasant fragrance after shampooing, which is impressive.

2. Multi-purpose, widely used in personal care products

In addition to shampoo, shampoo fragrance can also be used in personal care products such as shower gel, conditioner, and hair mask to provide a unified fragrance experience. The application range is wide and can meet the fragrance needs of different product types.

3. Long-lasting fragrance, enhance consumer experience

Shampoo fragrance can provide long-term fragrance release, allowing users to enjoy a fresh fragrance for a long time after shampooing, enhance the overall use experience, and enhance consumer loyalty and brand recognition.

4. High efficiency and stability, suitable for large-scale industrial production

Shampoo fragrance has high stability and is suitable for large-scale industrial production. Its fragrance is rich and lasting, and it is not easy to volatilize, which ensures the consistency and stability of the fragrance during production, storage and transportation, reduces waste, and improves production efficiency.

Technical Parameters:

Testing Items	Standard Requirements	Testing Result	Conclusion
Character	yellow liquid, with the aroma of Fragrance Essence Oil	Qualified	Confirmed

Refractive index (20°C)	1.4800-1.5000	1.4856	Confirmed
Solubility	The 1ml sample is soluble in 3ml volume fraction of 90% ethanol, a clear and transparent liquid	Qualified	Confirmed

Applications:

1. Easy to mix and adapt to a variety of formulas

Shampoo fragrance has extremely high adaptability and can be seamlessly combined with a variety of shampoo formulas without affecting the efficacy of other active ingredients. Whether it is used in nourishing, repairing, anti-dandruff and other shampoos with different functions, it can perfectly fit and maintain the high quality of the fragrance.

2. Natural fusion to enhance product comfort

Shampoo fragrance can naturally blend with other shampoo ingredients to create a seamless fragrance experience and enhance the comfort when washing hair. Its delicate fragrance is not too strong or abrupt, but matches the user's body temperature and hair characteristics, bringing a perfect fragrance release effect.

3. High-quality ingredients to ensure the purity of the fragrance

Shampoo fragrance uses natural essential oils and high-quality synthetic fragrances to ensure the purity and high-end of the fragrance. Its selected ingredients ensure that the fragrance has no impurities or chemical irritants, which can bring consumers a gentle fragrance experience, suitable for long-term use without causing discomfort.

4. Adapt to market trends and meet green environmental protection requirements

With the improvement of environmental awareness, shampoo fragrance uses raw materials that meet environmental protection requirements and supports sustainable production. Its formula is free of harmful substances and does not contain chemical ingredients that may be harmful to the environment or human body, fully complying with green production standards.
