Product Description

Product Description:

Taro essence is an additive used to impart natural taro flavor to foods, drinks or other products, with a rich, distinctive taro flavor and sweet taste. It is refined from natural or synthetic raw materials and meets food safety standards. These oils are classified as food-grade fragrance essence oil, making them safe for use in food products. They are perfect for adding flavor to baked goods, beverages, and other food items. Aside from their use in the food industry, our Blending Essential Oils are also perfect for aromatherapy and aroma diffuser essential oil. Their fragrant aroma is known to promote relaxation, reduce stress, and improve overall well-being. Get your hands on our Blending Essential Oils today and add delicious flavor to your food products.

Features:

Rich and natural taro flavor: simulates the aroma of real taro, with realistic and long-lasting flavor.

High stability: can maintain the flavor unchanged in high-temperature processing or freezing environment.

Multi-purpose: suitable for a variety of foods such as baking, beverages, candy, dairy products, ice cream, and daily chemical products.

Usage scenario: suitable for making taro-flavored milk tea, taro cake, taro ice cream and other foods, as well as taro-flavored aromatherapy or bath products.

Applications:

Taro flavor is widely used in many fields such as food, beverages, and daily chemical products. Its unique taro flavor can significantly enhance the attractiveness and quality of products.

1. Food

Taro essence gives food a rich and natural taro flavor and is suitable for:

Baked goods: such as taro-flavored cakes, biscuits, bread, etc.

Dairy products: such as taro-flavored milk, yogurt, milkshakes, etc.

Ice cream and desserts: such as taro ice cream, pudding, mousse and other frozen or room temperature desserts.

Candy: such as taro-flavored hard candies, soft candies, chewing gum, etc.

Snacks: such as taro-flavored potato chips, puffed foods or energy bars.

Ready-to-eat foods: such as taro-flavored drink powder and instant soup.

2. Beverage

Milk tea and beverages: Provide taro flavor for milk tea, juice, sparkling water, and energy drinks.

Flavored drinks: such as taro flavored coffee, flavored tea, etc.

Fruit juice concentrates and syrups: Used as flavoring bases for commercial or home preparations.

Support and Services:

Our Blending Essential Oils product comes with comprehensive technical support and services to ensure that you have a seamless experience with our product. Our team of experts is available to answer any technical questions you may have regarding the usage or maintenance of our product. Additionally, we offer repair and maintenance services to ensure that your product is always in good working condition. We also provide training and educational resources to help you get the most out of your Blending Essential Oils product. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging

The essential oils are packed in plastic or iron buckets to protect the essential oils from UV rays.

The bottle has a dropper cap for easy dispensing of the essential oils drop by drop.

The label on the bottle clearly states the name of the essential oil blend, ingredients, directions for use, and warning instructions.

Shipping

The blended essential oils are carefully packed in a secure padded box to prevent breakage during transportation.

All parcels are shipped through reputable courier services to ensure timely and safe delivery.

Once the parcel is shipped, a tracking number is provided to the customer so that they can track the progress of the shipment.
