Product Description

Product Description:

The Cucumber Fragrance Essence For Shampoo Making is a light yellow or colorless liquid that is easy to use and adds a refreshing scent to any shampoo product. It can be mixed in at a ratio of 0.1%-0.5%, making it a cost-effective choice for those looking to add a pleasant fragrance to their shampoo without breaking the bank.

When it comes to storage, it is recommended that the Shampoo Fragrances product be stored in a cool, dry place in tightly sealed containers. This will help to maintain the quality and freshness of the product over time.

Whether you're looking to create a custom scent for your personal use, or you're in need of a fragrance oil dispenser for your industrial setting, the Shampoo Fragrances product is an excellent choice. Its versatility and ease of use make it a popular option for those looking to add a touch of home fragrance essential oils to their daily routine.

And if you're not sure if the Shampoo Fragrances product is right for you, no worries - samples are freely provided so you can try it out for yourself before committing to a larger purchase.

Features:

1. Wide range of applications

Cucumber flavor is widely used in a variety of personal care products such as shampoo, shower gel, conditioner, facial cleanser, soap, etc. Its refreshing smell can effectively enhance the aroma layering of the product and bring consumers a refreshing sensory enjoyment. In addition, cucumber flavor is also widely used in home care products such as air fresheners and fragrances to inject a fresh atmosphere into the home environment.

2. Natural fresh aroma

The unique fragrance of cucumber flavor comes from the taste of natural cucumbers, giving people a fresh and cool feeling. Its fragrance is light and not strong, which is very suitable for consumers who do not like too strong fragrance, especially suitable for use in summer, and can bring a cool and comfortable experience in hot climates.

3. Flexible use ratio and high cost-effectiveness

The use ratio of cucumber flavor is usually 0.1%-0.5%, which can be flexibly adjusted according to the needs of different products. This lower use ratio makes cucumber flavor not only economical, but also can add fragrance to various shampoos and skin care products.

without increasing too much cost. It is a cost-effective fragrance additive.

4. Stability and long-lasting effect

Cucumber essence has good stability and can maintain the persistence of fragrance for a long time. During use, even after cleaning and washing, its fragrance can still effectively adhere to the skin or hair, bringing a lasting and fresh feeling.

Applications:

The Plant Fragrance shampoo fragrance model number LDZ-PL20035 is a high-quality fragrance oil that is perfect for adding a fresh cucumber scent to your shampoo. This fragrance oil can be used in a variety of different occasions and scenarios, making it a versatile addition to your collection.

One common use for the Plant Fragrance shampoo fragrance is in fragrance oil dispensers in hotel collections. Guests will appreciate the fresh and invigorating scent of cucumber in their shampoo, and it can help create a relaxing and luxurious atmosphere.

When using the Plant Fragrance shampoo fragrance in shampoo making, it is recommended to add a ratio of 0.1%-0.5% of fragrance oil to the shampoo mixture. This will ensure a strong and long-lasting scent that will leave hair smelling fresh and clean.

And because this fragrance oil is certified by COA, MSDS, IFRA, CE, and ISO, you can be confident that you are using a high-quality and safe product. It is also stored in cool and dry places in tightly sealed containers to ensure that it retains its fresh cucumber scent.

Whether you are a hotel looking to add a luxurious touch to your guest amenities, or a shampoo manufacturer looking to create a refreshing new scent, the Plant Fragrance shampoo fragrance is a great choice.
