Product Description

Product Description:

Walnut wood fragrance exudes a rich woody aroma, blending light nutty and smoky notes, with a deep and warm nature. This fragrance can evoke the natural scent of forests and wooden furniture, giving people a sense of tranquility and elegance.

Fragrance:

Top note: Fresh woody fragrance with a slightly dry nutty scent.

Middle note: Rich woody fragrance with a little warmth of smoke and resin.

Base note: Deep woody fragrance mixed with gentle amber and earthy notes.

Features:

Unique woody aroma

Walnut wood essence has a strong woody aroma, which combines natural and calm characteristics, bringing a warm and elegant feeling.

Nutty and smoky aroma

On the basis of woody aroma, it exudes a faint nutty and smoky aroma, giving the aroma a sense of layering and depth.

Natural aroma

Its fragrance is like being in the depths of the forest, bringing a primitive and quiet natural experience, which is very suitable for creating a soothing environment.

Widely applicable

It can be used to mix perfumes, home fragrances, daily chemicals, etc., suitable for a variety of application scenarios, adding product uniqueness.

Long-lasting and stable

Walnut wood essence has a strong aroma and lasting fragrance, and can maintain a stable fragrance performance when mixing products.

Technical Parameters:

Testing Items	Standard Requirements	Testing Result	Conclusion
Character	yellow liquid, with the aroma of Walnut Wood	Qualified	Confirmed
Density	0.9380-0.9500	0.9410	Confirmed
Refractive index (20°C)	1.4800-1.5000	1.4856	Confirmed
Solubility	The ml sample is soluble in 3ml volume fraction of 90% ethanol, a clear and transparent liquid	Qualified	Confirmed

Applications:

Home fragrance: used to make candles, diffusers and air fresheners, adding a natural atmosphere to the space.

Personalized perfume: can be used as a raw material for the middle and back notes of men's perfume, or to bring warmth and depth to women's perfume.

Daily chemical products: used in shower gel, shampoo, soap, etc., adding a unique woody aroma to the product.

Support and Services:

Our Candle Fragrances product technical support team is available to assist you with any questions or concerns you may have regarding the performance or use of our fragrances. We also offer fragrance testing services to ensure that our fragrances meet your specific needs and requirements. Our team can provide guidance on fragrance blending, usage levels, and general fragrance knowledge to help you create the perfect candle. Additionally, we offer custom fragrance development services to create a unique scent tailored to your brand or product line. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging:

All Candle Fragrances products are packed in plastic or iron buckets to ensure safe delivery. Each bottle of essential oil is wrapped in bubble wrap and placed in a sturdy box with additional packaging materials to prevent any damage during transportation.

Shipping:

Delivery time may vary depending on your location, but most orders will be delivered within 10-20 business days. For international orders, shipping costs will be calculated at checkout and delivery time may vary.
