Product Description

Product Description:

Our Candle Fragrances are carefully crafted to create the perfect blend of natural candle scents that will provide a calming and relaxing ambiance in your home. Our fragrances are perfect for creating candle scent combinations that are perfect for any occasion.

Our Candle Fragrances are available in a yellow liquid oil form that is easy to work with and perfect for creating natural candle scents. Our fragrances are also available in free samples, so you can try them out before you commit to purchasing a larger quantity.

Our Candle Fragrances are perfect for those who love to make their own candles at home. Our fragrances are easy to use and can be mixed with wax, oils, and other candle-making ingredients to create unique candle scent combinations that will fill your home with natural candle scents.

When it comes to storing our Candle Fragrances, it is important to keep them in a cool, dry place in tightly sealed containers. This will help to preserve the natural candle scents and ensure that they remain fresh for longer.

In summary, our Candle Fragrances are perfect for those who love to create natural candle scents at home. Our fragrances are easy to use, available in free samples, and can be stored in a cool, dry place in tightly sealed containers. So, why wait? Try our Candle Fragrances today and start creating unique and natural candle scent combinations that will fill your home with wonderful aromas.

Features:

1. Elegant and deep aroma

Black Rose Candle Fragrance has a unique floral base tone, exuding a deep and elegant aroma. Its rich scent layers can meet the needs of consumers with high requirements for fragrance, bringing a luxurious fragrance experience to candle products.

2. Long-lasting fragrance release

Made with high-quality spices, Black Rose Candle Fragrance has excellent fragrance diffusion ability. When the candle burns, the fragrance can be evenly released and last for a long time, making the whole space full of elegant and charming atmosphere.

3. High temperature stability

The fragrance remains stable in a high temperature environment, is not easy to volatilize or deteriorate, and is suitable for large-scale

candle production. Whether it is soy wax, paraffin wax or coconut wax, it can present a consistent fragrance effect.

4. Multi-purpose adaptability

Not only suitable for high-end industrial candle production, but also suitable for personal DIY candle making. It can also be used for many products to meet diverse needs.

5. Wide market applicability

Black Rose fragrance is suitable for different target markets, including household users, hotel industry, high-end gift market and luxury fragrance brands, etc., and can meet the pursuit of elegant fragrance of various consumers.

Technical Parameters:

product type	peference addition(%)	produce type	reference addtion(%)
perfume	5%-15%	paint	0.05%-0.2%
laundry detergents	0.1%-0.5%	candle	1.2%-3%
