Product Description

Product Description:

Our Variegated Lemon Essence is a high-quality concentrated fragrance raw material designed for industrial production and personal life, with excellent stability, long-lasting fragrance and wide compatibility. As the core ingredient of perfume formulas, it is a light yellow or colorless liquid that is easily soluble in water-based, oily and alcohol-based matrices, ensuring that the fragrance can be evenly released and clearly layered in various environments. It is suitable for high-end markets such as perfume brands, personal care products, scented candles and indoor fragrance diffusion. In industrial production, this fragrance helps brands create unique product competitiveness with its high stability and excellent fragrance performance, and meets consumers' pursuit of high-quality fragrance. At the same time, this fragrance is also an ideal choice for personal life, suitable for daily use, allowing you to enjoy a pleasant fragrance experience anytime, anywhere. Whether it is work, socializing or home time, the elegant and lasting fragrance can add a touch of sophistication and calmness to you, helping you show your unique personality and taste. Choose our perfumes and fragrances to make your life and products full of charming fragrance charm.

Features:

1. Long-lasting fragrance

The high-concentration formula makes the fragrance of perfume and fragrance evenly released, and the fragrance lasts for a long time, ensuring that both industrial finished products and personal DIY perfumes can have a long-lasting and charming fragrance.

2. Wide compatibility

The fragrance has excellent water solubility and oil solubility, and is suitable for a variety of matrices and application scenarios such as perfumes, skin care products, shower gels, scented candles, indoor aromatherapy and fragrance diffusion, meeting the fragrance needs of different products.

3. High stability

Under various temperature and environmental conditions, the fragrance remains stable and is not easy to deteriorate or evaporate. It is suitable for large-scale industrial production and long-term storage to ensure consistent quality.

4. Multi-level fragrance experience

The carefully formulated fragrance structure, including the initial fragrance, the middle fragrance and the tail fragrance, brings a delicate and rich sense of layering, meeting the high requirements of consumers for the fragrance experience.

5. Environmental protection and safety

Using high-quality raw materials, it meets international safety standards. The formula is mild and environmentally friendly, does not contain harmful substances, and is suitable for sensitive skin and high-end fragrance products.

Technical Parameters:

product type	reference addition(%)	produce type	reference addition(%)
perfume	5%-15%	paint	0.05%-0.2%
laundry detergents	0.1%-0.5%	candle	1.2%-3%
shampoo and hair conditioner	0.1%-0.5%	toys	0.1%-0.5%
dish wash	0.1%-0.6%	body wash	0.1%-0.5%

Applications:

Our fragrance has excellent applicability and wide application value in industrial production and daily life, and has become an ideal choice for improving product quality and personal fragrance experience. In industrial production, this fragrance is widely used in many fields. With its high-concentration formula and long-lasting fragrance, the fragrance can ensure that the product releases a uniform and lasting fragrance during use, giving the brand products unique market competitiveness. In addition, it has extremely high stability and compatibility, and can be perfectly integrated into various formulas such as water-based, oil-based and alcohol-based, ensuring excellent quality and fragrance performance in large-scale industrial production, and providing a stable solution for the high-end market.

In daily life, this perfume fragrance also plays an important role. Just a drop can bring a lasting and pleasant atmosphere to your home space, creating a warm, comfortable or elegant environment experience. Whether it is daily commuting, social gatherings or home leisure, this fragrance can be your fragrance partner to help you show your unique taste and personality. In addition, its excellent safety and environmental protection make it suitable for various scenarios, gentle and non-irritating, meeting the modern consumer's pursuit of health and quality life.

In short, this perfume essence not only provides brands with high value-added fragrance solutions in industrial production, but also injects exquisite fragrance experience into personal life. Whether it is mass production or daily personalized use, it can show excellent fragrance expression and become an indispensable fragrance choice for products and life.
