## Product Description

### Product Description:

Almond essence for personal care products is a high-quality daily fragrance designed for personal care and personal care products. It emits a warm, soft and sweet almond aroma. This essence not only gives the product a charming smell, but also brings users a pleasant feeling of relaxation. The almond aroma contains natural sweetness and smoothness. It has a rich nutty aroma and a subtle fusion of milk and floral fragrance. It is suitable for personal care products that pursue a high-end, comfortable fragrance experience.

Made with high-quality almond essence raw materials, the aroma is soft and sweet, with both warmth and delicacy.

The aroma is rich in layers, with a light milky and almond nutty aroma in the top note, a full and mellow middle note, and a warm and lasting base note, giving people a safe and comfortable olfactory experience.

Long-lasting and stable fragrance performance

Good diffusion: The aroma is naturally emitted during use, can quickly permeate the space, and bring a clean and relaxing atmosphere.

Long-lasting fragrance: It has a long-lasting fragrance adhesion on the skin and hair, allowing users to enjoy a long-lasting fragrance after washing and care.

High stability and compatibility

Adapt to a variety of washing and care product formulas, can remain stable under different pH and temperature environments, and is not easy to deteriorate.

Whether it is a water-phase matrix or an oil-phase matrix, it can be well dissolved and dispersed, and has excellent compatibility with other fragrances or active ingredients.

Comply with safety standards

Using environmentally friendly raw materials and advanced production processes, it meets the safety standards of the international cosmetics and daily chemical products industry.

Mild and non-irritating, suitable for different skin types, including sensitive skin.

Wide range of uses

Applicable to shampoo, conditioner, shower gel, body lotion, soap, hand sanitizer, shaving foam, toner and other personal care products. Can be used for unisex products, and can also be customized for baby and children's care products to meet the needs of different groups of people.

### Features:

Top note: light milk fragrance, almond flower fragrance, light and sweet, bringing a soft first impression.

Middle note: rich nutty aroma and subtle honey fragrance, full and mellow.

Base note: milk fragrance and wood fragrance are intertwined, warm and long, relaxing and pleasant.

Fragrance matching suggestions:

With floral notes (such as rose and jasmine): enhance elegance, suitable for women's care products.

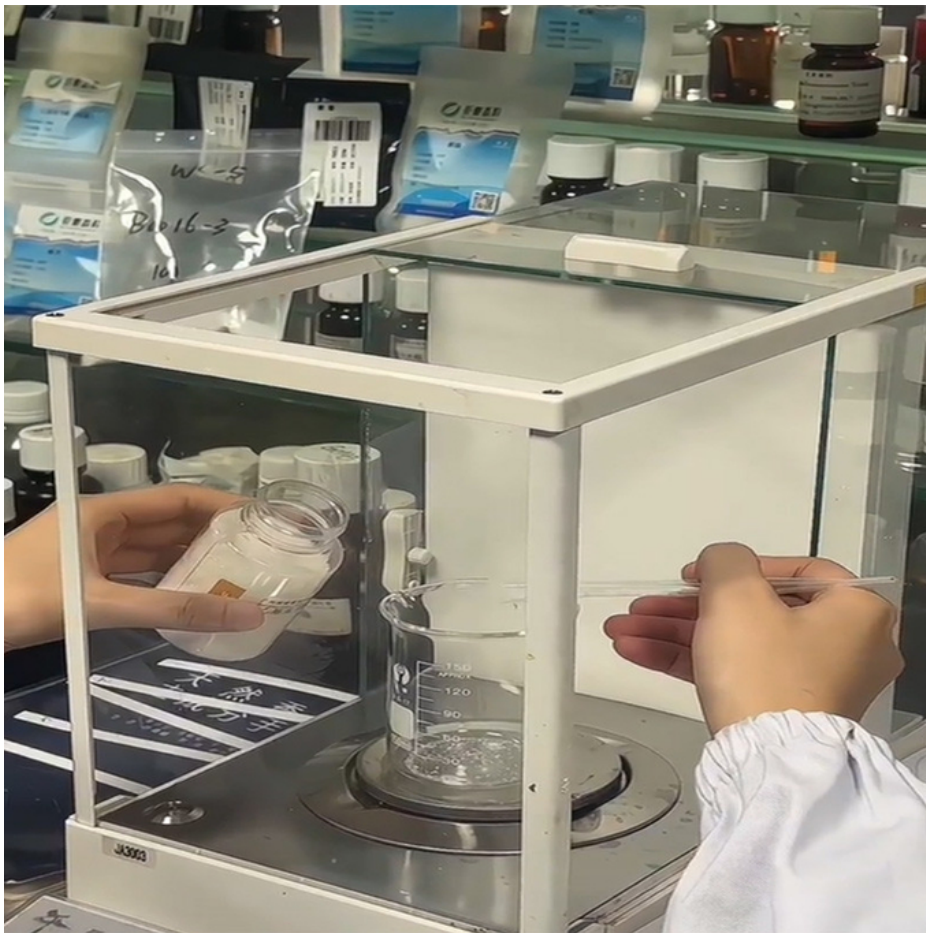

With fruity notes (such as coconut and vanilla): add sweet characteristics, suitable for sweet style products.

With woody notes (such as sandalwood and musk): add deep warmth, suitable for men or neutral care products.

### Applications:

#### Shampoo and Conditioner

Shampoo and conditioner with almond essence can not only clean the scalp and nourish the hair, but also make the hair emit a long-lasting warm fragrance. The fresh and sweet almond fragrance enhances the comfort and high-end feeling of the product, making daily washing and care a kind of enjoyment.

#### Shower Gel and Body Lotion

In bath products, the almond fragrance can create a warm and healing bathing experience, help relieve fatigue and relax the body and mind. In body lotion, almond essence provides a long-lasting fragrance after the skin is moisturized, making the skin full of health and vitality.

#### Soap and Hand Sanitizer

In cleaning products, almond essence makes every use full of happiness. Its fragrance can cover odors and leave a light nutty sweet scent, which is suitable for daily home use.

#### High-end skin care and personalized customized products

Almond essence is often used in high-end skin care products and private customized washing and care products with its natural and comfortable characteristics, giving the products a unique fragrance signature.
