## Product Description

### Product Description:

Our Pine Fragrance laundry detergent fragrance oil is a high-quality product that is oil and water-soluble, making it easy to use in various applications. It is made with a unique blend of ingredients that offer a fresh and clean scent to your clothes. This fragrance oil is perfect for use in fabric care fragrances, washing liquid perfumes, and washing powder perfumes.

Our Pine Fragrance laundry detergent fragrance oil is perfect for those who want to achieve a long-lasting and pleasant scent on their clothes after washing. It is suitable for use with all types of laundry detergents and fabric softeners. With its oil and water solubility, this fragrance oil can easily be added to your laundry detergent or fabric softener to give your clothes a refreshing scent that lasts for days.

We understand that you may want to try our Pine Fragrance laundry detergent fragrance oil before committing to a large quantity. That's why we offer a free sample for you to try out. This way, you can experience the quality and fragrance of our product before making a purchase.

In conclusion, our Pine Fragrance laundry detergent fragrance oil is an excellent choice for those who want to add a pleasant and long-lasting scent to their laundry. Its oil and water-soluble nature make it easy to use in various applications, including fabric care fragrances, washing liquid perfumes, and washing powder perfumes. Don't miss out on the opportunity to try it out for yourself with our free sample offer!

### Features:

#### Powerful decontamination ability

In addition to the aroma, Pine fragrance also has natural decontamination properties, which can work with cleaning ingredients to help remove oil, stubborn stains and food residues.

#### Long-lasting aroma release

Pine fragrance can release fragrance for a long time, keep the air in the clean environment fresh, and provide a long-lasting fragrance experience.

#### Natural and harmless

Pine fragrance is usually extracted from natural plants, has low irritation, is more environmentally friendly and safer than some chemical fragrances, and is suitable for household cleaning products.

#### Improve cleaning efficiency

Pine fragrance not only increases the aroma of the detergent, but also enhances the decontamination effect of the detergent through its natural acidic properties, making the cleaning work more efficient.

## Technical Parameters:

product type	peference addition(%)	produce type	reference addition(%)
perfume	5%-15%	paint	0.05%-0.2%
laundry detergents	0.1%-0.5%	candle	1.2%-3%

dish wash	0.1%-0.6%	body wash	0.1%-0.5%
soap type	0.8%-1.5%	air freshener	0.4%-0.8%

## Applications:

Pine essence is widely used in detergents. With its fresh and natural fragrance and excellent cleaning effect, it has become a common ingredient in many household cleaning products. In kitchen cleaners, Pine essence can remove oil stains, neutralize the smell of food residues, and keep the kitchen clean and fresh; in floor and surface cleaners, Pine essence provides a lasting fragrance to help remove stubborn stains and water stains; at the same time, Pine essence is also widely used in laundry detergents and softeners to add a fresh fragrance to clothes; in addition, it is also commonly used in dishwashing liquids and multi-purpose cleaners to enhance the cleaning effect and bring a fresh Pine aroma. Pine essence can not only enhance the aroma experience of detergents, but also improve cleaning efficiency, making the cleaning process more pleasant and efficient. It can not only effectively remove oil stains and odors, but also bring a long-lasting fresh fragrance, making the home environment more pleasant. The natural source of Pine essence makes it more environmentally friendly and safe, suitable for various cleaning needs in home and commercial environments.
