## Product Description

### Product Description:

Jasmine essence is a high-end and elegant fragrance product, with rich and delicate jasmine fragrance as the core, capturing the charming aroma of jasmine in full bloom. This fragrance perfectly reproduces the layering of jasmine fragrance - fresh and elegant, gentle and mellow, with a long aftertaste, giving people a comfortable and reassuring feeling. Jasmine essence is suitable for a variety of scenarios and is widely used in personal care, perfume fragrance, food and beverage, and household products to help improve product quality and user experience.

#### Product Features

##### 1. Natural and pure fragrance

Jasmine essence exudes the natural fragrance of jasmine, which is fresh and elegant, with a hint of green in sweetness, which is intoxicating.

True restoration: reproduce the rich floral fragrance of jasmine in full bloom, with distinct layers of fragrance.

Lasting fragrance: has good diffusion and fragrance retention effect, and the fragrance is stable and long-lasting.

Diverse experience: different fragrance concentrations can be adjusted according to needs to adapt to the use scenarios of different products.

##### 2. Superior adaptability and compatibility

Adaptable to various matrices: Jasmine essence can be perfectly integrated with oily or water-based formulas, has excellent stability, and is not easy to stratify or deteriorate.

Adaptable to various pH values: It can maintain the integrity of the fragrance in alkaline or acidic environments.

Adaptable to various fragrances: It can be used as a single main tone, or it can be perfectly combined with other fragrances (such as fruity, woody, and floral fragrances) to create rich complex fragrances.

##### 3. Safety and environmental protection

Using high-quality raw materials and advanced technology, it strictly complies with international daily chemical and food safety standards.

Non-irritating, mild and skin-friendly, suitable for a variety of skin types, including sensitive skin.

Environmentally friendly formula, harmless to the human body and the environment.
