Product Description

Product Description:

White jasmine essence is extracted from natural high-quality white jasmine flowers. It uses advanced extraction technology to faithfully retain the aromatic characteristics of white jasmine flowers. White jasmine is known as the "Queen of Flowers". Its fragrance is soft and lasting, which can bring deep relaxation and relieve stress. This fragrance can provide a refreshing and pleasant experience in personal care, home fragrance, and air freshness in commercial places. Suitable for various applications such as perfume, aromatherapy, candles, bath products, etc., to meet different scenarios and needs.

Features:

Pure natural floral fragrance: Freshly picked white jasmine petals are selected, and the natural ingredients of the floral fragrance are retained to the greatest extent through a fine extraction process. The fragrance of the fragrance is rich and delicate, with a subtle sweetness, mild and not pungent, and can naturally emit a fresh floral fragrance.

Long-lasting release of fragrance: White jasmine essence has good volatility and stability, and can continuously release fragrance in the air, so that your home or work environment is always full of floral fragrance, and the fragrance is long-lasting and not easy to dissipate.

Multi-purpose, suitable for various applications: Suitable for a variety of uses, such as aromatherapy diffusers, air fresheners, handmade perfumes, bath products, skin care products, home fresheners, shampoos and shower gels. Whether it is for home use or the creation of fragrance in commercial spaces, it can add a fresh, comfortable and warm atmosphere to the environment.

Soothing and Relaxing: White jasmine fragrance has natural soothing properties, which can help relieve stress, relieve fatigue, and improve mood. It is especially suitable for relaxing moments in busy work or stressful life. Its fragrance can improve sleep quality and bring a relaxing and pleasant sleeping environment.

Gentle and safe: This fragrance does not contain harmful chemicals, is gentle and non-irritating, suitable for daily home use, and will not pollute the air or cause allergic reactions to the skin. There is no need to worry about the impact on health when using it, and it is suitable for all kinds of places and people.
