Product Description

Product Description:

It is a fragrance designed for sports and energetic occasions, with a fresh and energetic aroma. Its fragrance can perfectly meet the refreshing needs after exercise while maintaining a long-lasting fragrance effect. Paul sports fragrance is usually used in sports equipment, sportswear, sports shoes, perfumes and personal care products, aiming to enhance the sensory experience during and after exercise. The following is a detailed product description of Paul sports fragrance:

1. Fragrance characteristics

The fragrance design concept of Paul sports fragrance is based on freshness, comfort and vitality, focusing on enhancing the refreshing and comfortable feeling after exercise. The fragrance is usually a blend of fresh citrus, herbal and woody notes, giving people a refreshing and invigorating feeling:

Top note: Fresh citrus aromas, such as orange, grapefruit or lemon, instantly bring a sense of morning vitality, help wake up the body and senses. The citrus aroma is light and has a natural sweet and sour feeling, which is refreshing.

Middle note: The aroma of herbs and green leaves, such as mint, rosemary or green tea, adds a natural and fresh feeling to the fragrance. These scents can relax and soothe the skin and mood, while improving the mental state, as if bathing in the fresh breeze of nature.

Base notes: Woody aromas and slight musk, amber or cedar make the fragrance deeper and more lasting. The base notes can increase the stability and durability of the fragrance, so that it can retain the freshness for a long time after exercise and avoid the generation of sweat odor.

Features:

The ingredients of Paul sports fragrances usually include natural extracts and synthetic fragrances, aiming to provide a fresh, natural and long-lasting aroma. Common ingredients include:

Citrus essential oils: orange, lemon, grapefruit and other fruity essential oils, which have a fresh aroma and can enhance the comfort after exercise.

Herbal aroma ingredients: mint, rosemary, basil and other herbal ingredients can help relieve stress, refresh the air and enhance vitality.

Wood and musk ingredients: cedar, amber, musk, etc. add stability and durability to the fragrance, while bringing a slight sense of warmth, so that the fragrance is not too light.

Technical Parameters:

Testing Items	Standard Requirements	Testing Result	Conclusion
Character	yellow liquid, with the aroma of sweet scented White Jasmine	Qualified	Confirmed
Density	0.9380-0.9500	0.9410	Confirmed

Applications:

Paul sports fragrances are widely used in many fields, especially in sports and daily fresh products:

Sports perfume: a special perfume suitable for use during or after exercise, which can quickly remove the sweat odor produced during exercise and leave a fresh and refreshing fragrance after exercise to help restore energy.

Sportswear and equipment: Paul sports fragrances can be used in the fragrance treatment of sportswear, sports shoes, sports bags and other equipment to keep sports equipment fresh and prevent unpleasant odors caused by moisture and sweat.

Personal care products: such as sports shampoo, shower gel, body spray, etc., can help clean the skin and leave a fresh fragrance, and enhance the comfort after exercise.

Air freshener: used in air fresheners in sports venues, gyms, yoga rooms and other environments, which can remove odors, keep the air fresh, and create a healthy and refreshing sports environment.

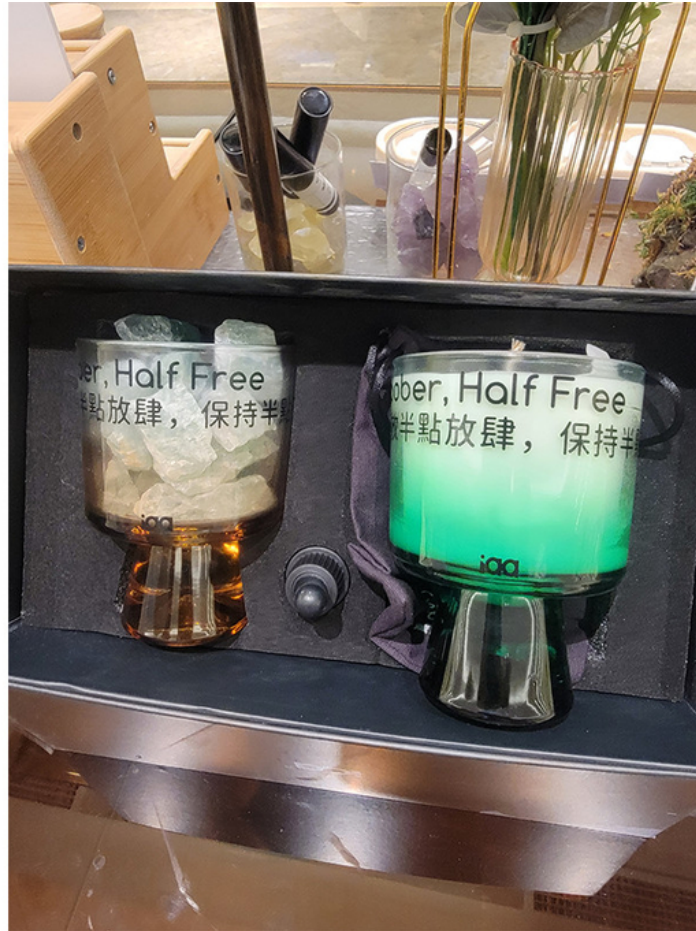

Support and Services:

Our Fragrance Oils are carefully crafted using high-quality ingredients to ensure the best possible scent experience. However, should you encounter any issues with our product, our Technical Support team is available to assist you in resolving any technical difficulties you may have encountered.

In addition to Technical Support, we also offer a range of services to enhance your experience with our Fragrance Oils. This includes customization options for those looking for a unique scent, as well as educational resources to help you better understand the science behind our fragrances.

Our goal is to provide you with the best possible experience with our Fragrance Oils, and we are committed to providing top-notch Technical Support and Services to ensure your satisfaction.

Packing and Shipping:

Product Packaging:

The fragrance oils are packed in 10ml amber glass bottles with dropper caps to ensure easy and precise dispensing. Each bottle is securely sealed to prevent leakage during shipping and handling.

Shipping:

Our fragrance oils are carefully packaged and shipped within 24-48 hours of receiving your order. We use durable and eco-friendly materials to ensure the safe delivery of your purchase. Delivery times may vary based on your location.
