## Product Description

### Product Description:

Love Water Fragrance is a high-end fragrance series focusing on freshness and elegance. It combines a variety of natural flowers, fruity scents and herbal spices. After fine tuning, it brings a rich, lasting and pleasant fragrance experience. Whether it is used for perfume, shower gel, skin care products, or air fresheners and candles in the home environment, Love Water Fragrance can give each product a natural and fresh fragrance, as if conveying romance and tenderness in every breath.

#### Product Features:

**Combination of freshness and romance:** Love Water Fragrance is based on fresh floral and fruity scents, supplemented by warm woody and light herbal scents, creating a romantic and pleasant atmosphere, suitable for consumers who pursue a comfortable and warm lifestyle.

**Multi-layered aroma experience:** The aroma design of Love Water Fragrance has a clear sense of hierarchy. The top note is usually refreshing citrus or fruity, gradually transitioning to soft floral scents (such as jasmine, rose, etc.), and finally ending with warm woody or musk tail notes, giving users a progressive aroma experience from freshness to depth.

**Long-lasting fragrance effect:** The unique formula design allows the fragrance of the love water fragrance to be released for a long time during the use of the product, not only maintaining the initial freshness, but also being able to feel the fragrance after several hours, bringing consumers all-day fragrance companionship.

**Strong adaptability:** Love water fragrance can be widely used in a variety of personal care and household products, including perfume, shower gel, shampoo, skin care products, air fresheners, candles, detergents, etc., with strong adaptability and does not affect the stability of other ingredients in the product.

**Perfect combination of natural and synthetic fragrances:** Love water fragrance uses a combination of natural flowers, fruity and plant extracts with high-quality synthetic fragrances to ensure the purity and naturalness of the fragrance, while avoiding the quality fluctuations that may be caused by natural fragrances due to seasonal changes or different origins.

**Environmental protection and safety:** All fragrance ingredients meet international quality standards, strictly screen environmentally friendly and safe fragrances to ensure that they do not contain harmful substances, are skin-friendly, and are suitable for all skin types, especially sensitive skin.

### Features:

**Fresh and romantic:** The fragrance design of the love water essence is unique. It has a fresh floral and fruity fragrance, and can bring a warm and comfortable feeling in the aftertaste, which is suitable for consumers who pursue a high-quality life.

**High quality guarantee:** Select natural and synthetic fragrances to ensure the purity and durability of the fragrance.

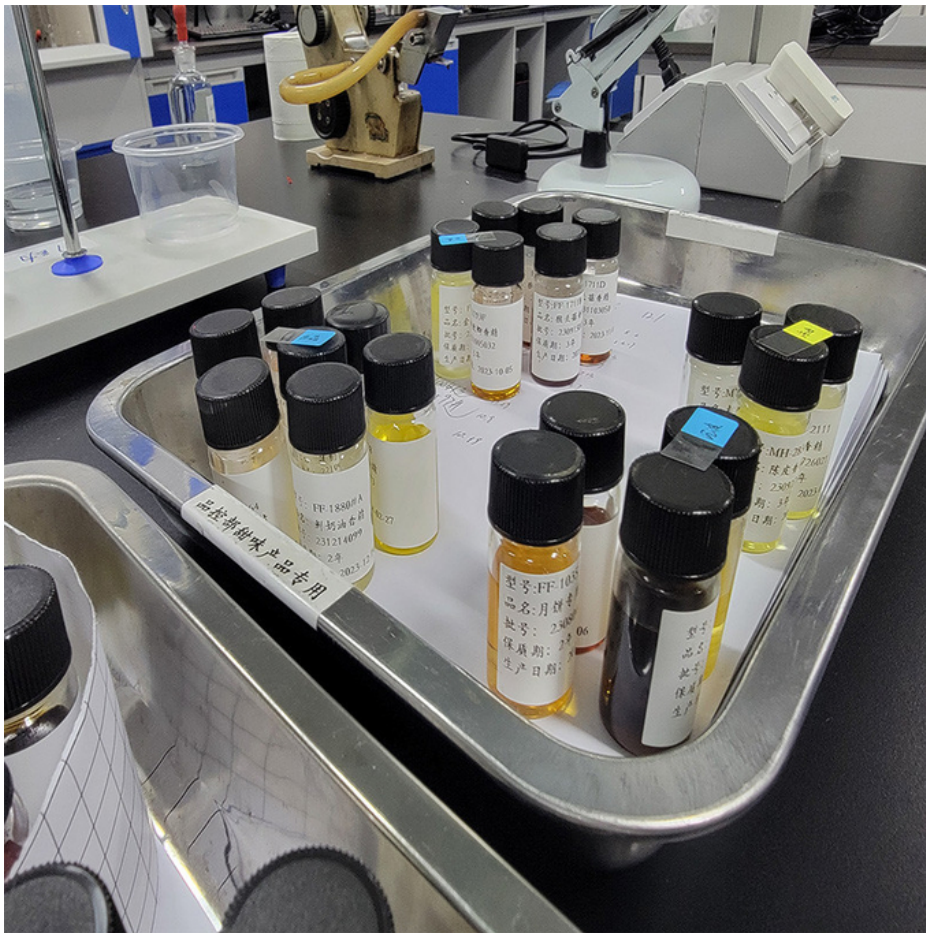

**Multifunctional applicability:** It is suitable for use in perfume, personal care, household cleaning, skin care products and other fields, and has a wide range of market adaptability.

**Environmental protection and safety:** Strictly comply with international quality and safety standards to ensure that it does not contain harmful substances and is suitable for sensitive skin.

#### Technical Parameters:
