## Product Description

### Product Description:

Aroma characteristics

Aroma types: woody, spicy, floral, fruity.

Aroma characteristics: The aroma of Sudanese essence is usually very rich and layered, blending elements such as wood, spices, fruit, and flowers. It has a warm and calm woody base, often with a strong spicy aroma (such as cinnamon, cloves, cardamom, etc.), supplemented by soft floral and fruity aromas (such as roses, citrus, peaches, etc.), creating a complex and lasting aroma experience.

Aroma intensity: Medium to strong, the aroma has a certain persistence, suitable for users who like deep and warm aromas.

### Features:

**Multi-layered aroma:** The biggest feature of Sudanese fragrance is its complex and layered aroma structure, which usually contains multiple elements such as woody, spicy, floral and fruity. Its aroma gradually unfolds over time, forming a warm base and spicy middle tone.

**Long-lasting:** This fragrance has a strong fragrance retention and can maintain the fragrance effect for a long time, so it is suitable for perfume and long-term home fragrance products.

**Cultural symbol:** The aroma contained in Sudanese fragrance is not only rich in the flavor of Arab culture, but also can convey a luxurious and mysterious atmosphere, giving people a sense of history and tradition.

4. Main ingredients

**Wooden spices:** such as sandalwood, cedar, oak, etc., provide warm and deep aroma.

**Spices:** Spicy spices such as cinnamon, cardamom, cloves, etc., bring passion and mystery.

**Floral fragrance:** Floral ingredients such as rose and jasmine add a soft floral scent.

**Fruity fragrance:** Fruity ingredients such as citrus and peach provide a fresh and sweet taste.
