Product Description

Product Description:

Our fragrance essence is designed to be added to washing powder perfumes, laundry soap aromas, and other laundry detergents to give your clothes a delightful and long-lasting scent. With an add ratio of 0.1%-0.5%, our fragrance essence can be used for daily flavor, industrial flavor, and fragrance oil for laundry detergent making.

At our company, we believe in using only natural ingredients in our products. Our Nectarine Blossom fragrance essence is made from natural ingredients, making it safe and gentle on all types of fabric.

Our fragrance essence is available in a free sample size, allowing you to try it out before committing to a larger purchase. We're confident that once you try our product, you'll be hooked on the delightful scent it imparts to your clothes.

So why settle for ordinary laundry soap aromas when you can elevate your laundry experience with our Nectarine Blossom (Jo Malone) Fragrance Essence? Try it out today and experience the luxury of natural fragrances in your laundry routine.

Features:

Long-lasting aroma release

Nectarine Blossom Jo Malone fragrance can release fragrance for a long time, keep the air in the clean environment fresh, and provide a long-lasting fragrance experience.

Natural and harmless

Nectarine Blossom Jo Malone fragrance is usually extracted from natural plants, has low irritation, is more environmentally friendly and safer than some chemical fragrances, and is suitable for household cleaning products.

Improve cleaning efficiency

Nectarine Blossom Jo Malone fragrance not only increases the aroma of the detergent, but also enhances the decontamination effect of the detergent through its natural acidic properties, making the cleaning work more efficient.

Wide applicability

Nectarine Blossom Jo Malone fragrance is suitable for a variety of cleaning products, such as kitchen cleaners, dishwashing detergents, floor cleaners, air fresheners, etc., which can meet various cleaning needs in home and commercial environments.

Technical Parameters:

product type	peference addition(%)	produce type	reference addition(%)
perfume	5%-15%	paint	0.05%-0.2%
