Product Description

Product Description:

1. Natural rose fragrance

The fragrance of aromatic rose essence comes from top-grade rose petals, and the natural floral fragrance does not contain any chemical additives. It presents the unique freshness, fragrance, and sweetness of roses, with rich layers, and is gentle and non-greasy, suitable for use at any time and occasion.

Aroma layers: The first smell is a gentle floral fragrance, and after the transition, the sweet fragrance of roses gradually appears, and finally a trace of soft floral aftertaste is left, which makes people feel happy and relax the mind.

2. Long-lasting fragrance

Compared with general fragrances, aromatic rose essence uses a special molecular structure to make its fragrance more lasting, and the fragrance is still rich and surrounded for several hours after use. The fragrance is released slowly and has strong persistence, which is very suitable for use as home fragrance, personal perfume, etc.

3. Multi-functional use

Aromatic rose essence is not just a fragrance, it can be applied to multiple fields and bring a full range of aromatic experience.

Home fragrance: Add a few drops of fragrance to the diffuser, and the rose fragrance will cover the entire room, bringing a quiet and elegant atmosphere to the family.

Homemade perfume: Mix rose essence with other plant oils (such as sweet almond oil and grapeseed oil) to make a personalized perfume to show your unique charm.

Bathroom use: Drop it into the bathtub or hot water, mix it with shower gel and bath salts, let the rose fragrance permeate, enjoy a floral bath, and soothe your body and mind.

Massage oil: Mix it with base oil and use it as massage oil to relax your body and feel the healing effect of the rose fragrance.

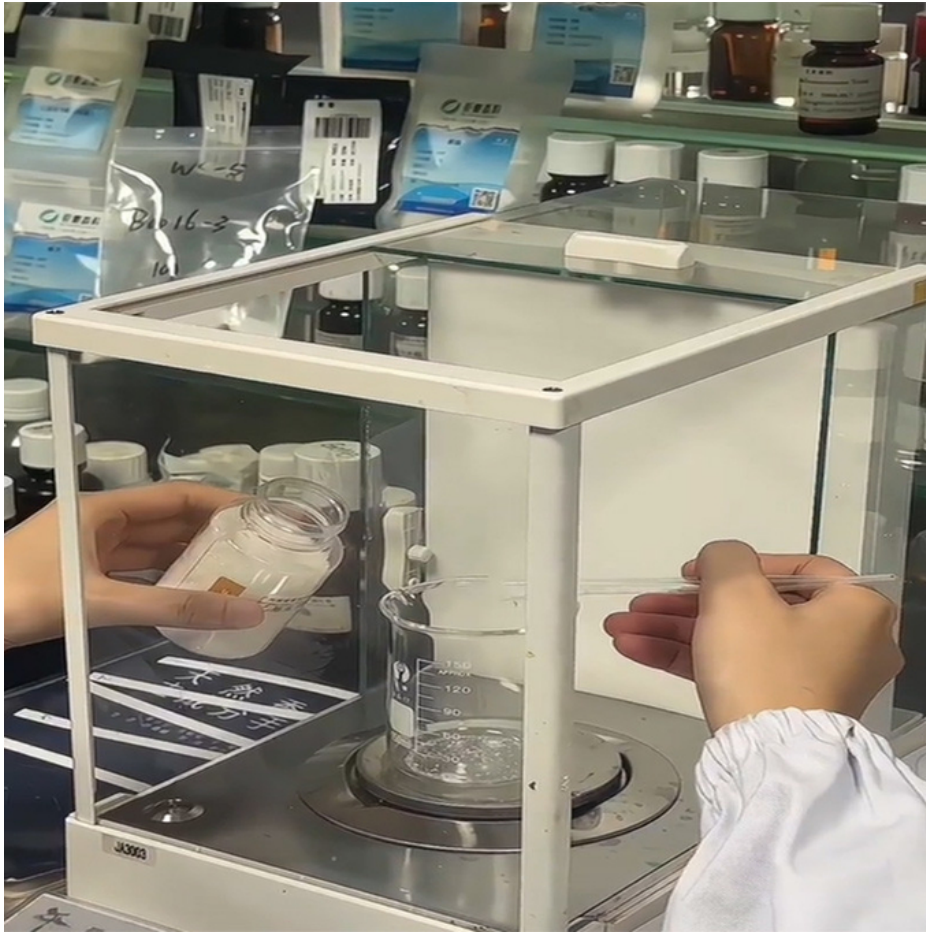

4. Soothing and Relaxation

Rose fragrance is widely used in aromatherapy and can effectively relieve stress, anxiety and tension. Its soothing effect can help you relax quickly, especially suitable for meditation, yoga practice, and before bedtime, to help improve sleep quality and make every breath full of tranquility and peace.

Technical Parameters:
