## Product Description

### Product Description:

COCO Fragrance is a unique and modern fragrance product with a fashionable and elegant aroma as the main tone, designed to enhance the sensory experience of high-end food and beverages. COCO Fragrance has a light and deep aroma layer, combining soft floral, fruity and warm woody tones, giving the product a unique flavor and high-end temperament. Its name is inspired by the classic high-end brand scent, suitable for products that pursue luxury and exquisite experience. Whether it is food, beverage, or fragrance products, COCO Fragrance can bring a unique signature aroma.

#### 2. Product Features

Unique aroma: soft floral and fruity aroma, blended with warm woody aroma, delicate and rich in layers.

Long-lasting fragrance: high stability formula, long-lasting aroma, can maintain product appeal for a long time.

High-end temperament: classic fragrance, suitable for high-end food, beverage and specialty product development.

Versatility: compatible with a variety of substrates, suitable for liquid and solid formulation process requirements.

Safe and reliable: meets international food grade standards and meets strict quality and safety requirements.

### Features:

#### Fragrance Description

Top note: Fresh citrus aroma, accompanied by soft white floral scent (such as orange blossom or jasmine).

Mid-note: Delicate fruity aroma (such as peach, pear) and powdery floral aroma (such as rose, peony).

Base note: Warm amber, vanilla and woody scent, adding depth and persistence.

#### Appearance

Liquid fragrance: Transparent to light yellow liquid with soft gloss.

Powder fragrance: White to light beige fine powder with uniform texture.

#### Solubility

Liquid fragrance: Easily soluble in water, alcohol and oil, suitable for a variety of matrices.

Powder fragrance: Easily dispersed in water or solid mixture, suitable for powder product processing.

#### Dosage recommendation

The recommended addition amount is 0.05%~0.5%, and the specific amount is adjusted according to the fragrance requirements.
