Product Description

Product Description:

Green tea flavor is a food-grade flavor that perfectly restores the natural aroma and flavor of green tea through modern extraction technology or artificial simulation technology. It has a fresh and elegant fragrance, with both the aroma of natural herbs and the unique mellow aroma of tea. It can give food and beverages a unique flavor and is deeply loved by consumers.

Product Features

Natural restoration: Carefully restore the unique aroma of green tea, fresh and elegant, with a hint of herbal and sweet flavor.

Long-lasting aroma: Concentrated essence, small dosage, rich and long-lasting fragrance, can retain the aroma of green tea for a long time.

High temperature stability: Under high temperature baking or other heating conditions, the aroma is stable and not easy to evaporate or deteriorate.

Multiple forms: It can be provided in two forms of liquid and powder, suitable for different production processes and formulation requirements.

Safe and reliable: It meets food grade standards, does not contain harmful substances, and has passed many international certifications (such as ISO, HACCP, FDA, etc.).

Features:

Fragrance description: The green tea aroma is fresh and rich, with a slight herbal and sweet aftertaste.

Physical properties:

Liquid flavor: light yellow transparent liquid, slightly viscous, soluble in water or alcohol;

Powder flavor: light green or light yellow fine powder, quickly soluble in water.

Main ingredients: natural flavor extract, food-grade synthetic flavor, ethanol (liquid form only).

Dosage range: The recommended addition ratio is 0.1% to 0.5%, which can be adjusted according to the actual needs of the product.

pH adaptability: Suitable for foods with a pH range of 3.0 to 8.0.

Thermal stability: The aroma stability can be maintained in a processing environment above 100°C.

Payment terms include T/T, Western Union, Ali Pay, and Paypal, making it easier for customers to purchase.

The Toothpaste Fragrance Essence Oil is perfect for various occasions and scenarios, including personal use, dental clinics, and toothpaste manufacturing companies. Add this product to your toothpaste formulation and give your customers a refreshing and natural Toothpaste Fragrance.

Support and Services:

Our Toothpaste Perfume product is backed by our comprehensive technical support and services to ensure that our customers have a positive experience using our product.

We provide helpful resources, such as instructional videos and user manuals, to guide our customers through the proper use and maintenance of our product. Our knowledgeable support team is also available to answer any questions and troubleshoot any issues that may arise.

In addition, we offer a variety of services to enhance the customer experience, such as product customization options and warranty coverage. We are committed to providing exceptional support and services to ensure that our customers are satisfied with their purchase.

Packing and Shipping:

Product Packaging:

The toothpaste perfume comes in a sleek, white tube with a twist-off cap.

The tube is 6 inches tall and 1 inch in diameter, making it easy to store in a medicine cabinet or travel bag.

The product label includes the name of the brand, the product name, and a brief description of the benefits.

Shipping:

The toothpaste perfume is carefully packaged in a cardboard box to prevent damage during shipping.

The box is labeled with the recipient's address, the sender's address, and a tracking number to allow for easy tracking of the shipment.

Orders are typically shipped within 2 business days and delivery times vary depending on the recipient's location.
