Product Description

High Purity Flowerby Fragrance Essence 5 Liter/bottle

LDZ-PL10037

Product Descriptions:

The Flowerby fragrance, a charming fragrance essence, rose is known as the queen of flowers. Flower growers hand-pick it from the Bulgarian valley at dawn, and then use ancient distillation to refine the precious essence. The fragrant and sensual flowers give it a charming feminine charm. Vanilla exudes a charming fragrance, full of power and sensuality, and the seductive aroma contains milk, caramel, amber, honey, wood and spices. The flowers come from Madagascar and are carefully cultivated. During the long-term cultivation process, the green fruit evolves into a resilient and shiny brown bean. The soft and crystal-clear tones bring an irresistible sensory experience.

It is for high-end perfume, body care and home fragrance products.

Product Feature:

The fresh musk floral fragrance is the beautiful memory of P oppy flowers frozen on the skin. The fresh Sicilian lemon opens the fresh top note, encounters the bright and delicate Bulgarian rose water, organic vanilla and white musk, and continues to write a long tail.

This fragrance is "a musky floral fragrance intertwined with fresh woody scents, light and floating, capturing the crystal clearness of petals, the innocence of buds and the pure power of rose water."
