#### Product Specification

- Highlight: 1 Liter Aventus Fragrance Oil, Fragrances Oil For Men's Perfume

## Product Description

### Famous Aventus Fragrance For Men's Perfume With MOQ 1 Liter Trial Order LDZ-PL10052

#### Product Description:

The Napoleon Aventus is a scent of conquest. Even if you just meet him by chance, you will be attracted to him. It is not an exaggeration to say that it is fascinating. At the same time, it also gives people a sense of happiness and security, making people want to reach out and hug. But if you smell it carefully, the scent is a bit restrained and alienated, so you can't get too close. It is the best match with a suit.

The temperament displayed by Aventus can be summarized in one sentence: confident but not ostentatious, gentle but not restrained. The exquisite mixture of multiple elements such as fruit, wood, and vanilla makes it have a deep foundation while exuding a sense of freshness. It will not be involved in the abyss of wood nor will it be frivolous in the fruit. The image portrayed can be said to be a perfect male image that only appears in creation.

#### Product Feature:

This fragrance for perfume shows the masculinity, strength, wisdom and ability of men. Successful men's perfume is described as having "supreme fresh fragrance", and its main ingredients are carefully selected. Top notes: Corsica black currant (where Napoleon was born), Italian bergamot (in Italy Napoleon celebrated his victory), French blanc apple (in France he moved towards the glory of his life), and the king's favorite sweets - royal pineapple. Middle notes: Napoleon's rose, Louisiana birch (which was once the material of Napoleon's throne), Egyptian jasmine, and patchouli essential oil, which is said to be extremely valuable. Base notes: Spanish oak moss, ambergris from the sea (symbolizing the powerful strength of Napoleon's navy), and vanilla with a gourmet aroma (representing Napoleon's high quality of life).

**Techicial Parameters:**

The Mainly Ingredients of Fougère Royale Perfume(FOR REFERENCE ONLY)

### Applications:

Perfume essence is the top product of daily chemical essence, and in most cases it can also measure the skill of a perfumer. This perfume essence is popular in making men's and women's perfumes, and is also suitable for making body sprays, high-end soap bases, home fragrances and other products. It is recommended that the terminal product market be positioned as mid-to-high-end to better reflect the masculinity, strength, wisdom and ability of successful men!

The Aventus flavor is widely used in many fields, including but not limited to the following aspects.

Solutions Of The Aventus Fragrance for reference		
Product Type	Dosage	Adjustment points
EDP Perfume	15-18%	Added 2% castoreum replacer, to enhance wildness
Aftershave	3-5%	Compatibility Menthyl lactate (0.3%), Cooling sensation
Home Fragrance	6-8%	Add 0.1% high temperature stabilizer (BHT)
