Product Description

Pure Peony Fragrance Essence Oils Facial Treatment Essence

Product Code: LDZ-PL80117

Product Description

Peony essential oil is a premium volatile liquid extracted from various parts of peony plants, with flower-derived oil being particularly valuable. Its complex composition includes alcohols, alkanes, esters, ketones, aromatic hydrocarbons, and minor components like aldehydes and phenols. The distinctive fragrance primarily comes from phenylethanol and linalool oxide, while its antioxidant properties stem from aldehyde, ester, and ketone compounds.

Key Features

- Contains unique peony polyphenols with strong antioxidant properties
- Enhances and prolongs the effectiveness of other antioxidants like vitamins C and E
- Helps delay skin aging and inhibit pigmentation
- Prevents acne formation and promotes skin brightening

Peony Fragrance

LDZ-PL80117

Technical Specifications

Ingredient	Percentage
Benzyl Benzoate	25-35%
Geraniol	15-20%
Paeonol	5-8%
Phenethyl Alcohol	10-15%

Functions & Applications

Our peony fragrance essence captures the lush, romantic floral aroma with subtle notes of rose, fruit, green, and honey. Primarily synthetic due to the rarity of natural extracts, this concentrated oil serves as:

- Popular heart note in feminine and elegant perfumes
- Enhancer for cosmetics and personal care products
- Fragrance component for home products like diffusers and candles
- Versatile blending component with various scent families

While not traditionally used for direct aromatherapy, the pleasant aroma contributes to overall well-being. Quality and proper dilution are essential considerations for optimal use.

Packaging & Shipping

Packaging: Our fragrance essence oils are securely packaged in stable plastic or iron bottles, placed in sturdy cardboard boxes with protective cushioning to ensure safe delivery.

Shipping: We provide fast, reliable worldwide shipping. Sample/trial orders ship within 1-3 days, bulk orders within 3-5 days after payment confirmation. Delivery times vary by destination.

Customization & Support

Our R&D team, including PhDs and senior engineers, collaborates with universities to continuously innovate natural ingredients. We specialize in:

- Custom scent development for OEM applications
- Product aroma improvement and quality enhancement
- Cost-effective production solutions
- Tailored formulations for diverse daily necessities

We support OEM development of your unique scent or classical flavors. Contact us for inquiries.
