## FUNCTIONS & APPLICATIONS

The core application of Da Lal Fragrance Essence is to give perfume, personal care and home fragrance products a rich, long-lasting and unique oriental fragrance. In the field of perfume manufacturing, it is the key to creating classic oriental fragrances (such as amber and woody oriental notes), and can also be combined with other fragrances to create a unique aroma.

In personal care products such as body lotion and shower gel, Da Lal Fragrance Essence can bring a warm, smooth and sensual aroma, enhancing the product experience and added value. In the home field, it is suitable for scented candles, diffusers and air fresheners to create a warm and exotic indoor atmosphere.

Due to its high concentration, it is recommended to start with a small dose when blending and pay attention to the balance with other fragrances. Its warm, sensual and rich aroma profile can inject unique charm and exotic style into various products, meeting consumers' demand for unique aroma experience.
