## Product Description

### 100% Pure La coste Blanc Perfume Making Oil Fragrance Free Sample

LDZ-PL10058

#### Product Description:

La coste L. Blanc is not only a synonym for freshness, but also stands out in men's fragrances with its unique art of balance. Many men's perfumes on the market pursue extreme masculinity or pure freshness, while Blanc cleverly combines the vitality of sports with French elegance. Its difference is reflected in the exquisite treatment and innovative combination of fragrance notes. The top notes of grapefruit and rosemary bring a penetrating "white shirt" clean feeling, instantly refreshing the spirit. This is not a simple and rough citrus, but a herbal green, which appears more layered and textured. The middle notes of tuberose and ylang-ylang are its uniqueness. They are not common in men's perfumes, but they soften the sharpness here, giving the fragrance an unexpected gentleness and refinement, avoiding the clichéd "men's cologne" impression. The addition of this floral scent enhances the high-end and recognizable fragrance.

The base notes of suede, cedar and vetiver provide a solid and warm support, giving it a confident and restrained masculine charm. It is not as heavy as some leather notes, but presents a soft, comfortable and inclusive leather texture, as natural as a second layer of skin.

#### Product Feature:

In summary, the difference of La coste Blanc lies in its redefinition of "freshness". It is not a thin freshness, but clean, elegant, deep and with a hint of unexpected tenderness. This balance makes it a versatile fragrance suitable for both post-sports relaxation and business leisure, showing the unique temperament of modern men who are confident and restrained, masculine but delicate. For perfume making, this means that it provides a unique template with freshness, floral fragrance and woody background, far beyond the conventional scope of general citrus woody notes.

La coste Blanc presents a clean, crisp, fresh fragrance with subtle woody and floral notes. It gives a "just out of the shower" feel, perfect for everyday wear, especially in the warmer months. Its fragrance is balanced and sophisticated, not overbearing yet leaves a lasting impression.

## FUNCTIONS & APPLICATIONS

La coste Blanc fragrance oil is widely used in perfume making. Its core lies in perfectly replicating the fresh, elegant and confident masculine charm of the original perfume. It is not only an ideal choice for the production of men's cologne, eau de toilette and eau de parfum, but also can accurately restore its iconic clean, energetic and exquisite sense, and expand to a variety of fragrance product lines.

Specifically, Blanc fragrance oil can be widely used in various body care products, such as scented body lotion, shower gel and body spray, allowing users to immerse in long-lasting and pleasant fragrance in daily care. Its fresh characteristics make it also suitable for home fragrance products, including diffusers, scented candles and room sprays, creating a comfortable and elegant atmosphere for living spaces. In addition, in the field of men's grooming products, such as aftershave and hair oil, adding this fragrance can further enhance the product's high-end feel and user experience.

When applying, strict attention should be paid to the compatibility of the fragrance with the matrix, precise concentration control, and the stability of the product under light and heat conditions. At the same time, it must be ensured that all applications comply with relevant regulations and safety standards. La coste Blanc Fragrance Oil provides developers with an excellent creative base to create diverse fragrance products that have both brand recognition and market appeal.
