Product Description

ISO Grade Purple Lilac Fragrance Essence For Scented Candle Free Samples

LDZ-PL40006

Product Description:

Give your scented candles a spring scent with Purple Lilac Fragrance Oil. It accurately reproduces the rich fragrance of blooming lilac, far beyond ordinary floral scents. The fragrance is rich and layered: the top note awakens the senses with fresh bergamot, grapefruit and dew; the middle note is a floral feast of lilac, carnation and orange blossom, sweet and elegant; the base note ends with musk, vanilla and a unique garden earthy scent, bringing a deep and lasting aftertaste. This essential oil has excellent diffusion, suitable for both cold and hot, and has a long-lasting fragrance. In addition to candles, it is also perfect for soaps, lotions and many other products. It meets IFRA standards, does not contain phthalates, is vegan and cruelty-free, bringing you a safe and high-quality fragrance experience. Bring the romance and tranquility of the lilac garden into your home and light up your sensory world.

This Purple Lilac Fragrance Oil is more than just a scent, it is an immersive sensory journey. It accurately captures the unique and intoxicating fragrance of lilac flowers blooming in spring, bringing the dewy lilac garden into your space in the morning.

Product Feature:

Unlike the common single floral fragrance on the market, our lilac fragrance essential oil has a complex and layered fragrance pyramid: The top note breaks the ice with fresh bergamot, grapefruit and wild clover, as if you are in the morning grass wet by dew, full of vitality and vigor. Then, the core middle note is led by full lilac, supplemented by delicate embellishments of carnation, orange blossom, lily of the valley and honeysuckle, weaving together a picture of flowers and brocade, sweet but not greasy, pure and elegant. Finally, the base notes of musk, vanilla, woody fragrance, violet flowers and garden soil slowly settle, adding a warm, deep earthy smell and a touch of mysterious powder to the overall fragrance, making the fragrance more lasting and full of aftertaste, just like walking deep in the lilac bushes and feeling the nourishment of the earth.

FUNCTIONS & APPLICATIONS

Purple Lilac Fragrance Oil, with its realistic and rich lilac scent, excellent diffusion, persistence and high safety in compliance with IFRA standards, is an ideal spice choice for aromatherapy enthusiasts, handmade creators and product manufacturers. It integrates the unique charm of lilac into all aspects of life and is an ideal choice for fragrance enhancement of various products. It has a wide range of applications.

The main applicable products include	
Aromatherapy candles	Core applications, whether it is traditional pouring candles, container candles, or shaped candles, DIY candle kits, can perfectly present the romantic fragrance of cloves and create a warm and elegant home atmosphere.
Fireless aromatherapy products	such as aromatherapy wax blocks/melts (used in wax melting lamps), rattan diffusers (slowly volatilize the fragrance through rattan), indoor sprays/air fresheners (quickly improve indoor air), sachets/dried flowers (used in small spaces such as wardrobes, drawers, and cars for long-lasting fragrance), oil stoves/aromatherapy lamps.
Personal care products	Make various soaps (cold-process soaps, hot-process soaps, soap-based soaps), shower gels, shampoos, conditioners, body lotions, massage oils, bath bombs/bath salts, allowing users to immerse themselves in the fragrance of cloves in daily cleaning and care. It can even be used to mix ball perfumes or solid balms to customize exclusive fragrances.
Cleaning and washing products	It can be added to laundry detergent and softener to give clothes a fresh floral scent; it can also be used to make fabric freshening spray to add a pleasant scent to home fabrics such as curtains, sofas, and carpets; it can even be used as a fragrance ingredient in household cleaners to enhance the cleaning experience.
Other creative applications	It is suitable for various DIY handmade projects, such as handmade paper and clay fragrance enhancement. Sprinkle a few drops on gift packaging or greeting cards to add a unique sensory surprise to the gift.
