Product Description

Free Samples Scented Candle Pink Rose Fragrance Essence Eco Friendly

LDZ-PL40037

Product Description:

Our Pink Rose Fragrance Essence is meticulously crafted to capture the purest, most delicate, and sweetest aroma of a blossoming pink rose. This isn't just a scent; it's an embodiment of emotion, a profound expression of romance and tranquility, designed to infuse your products with unparalleled charm.

What sets this essence apart is its unwavering dedication to authenticity. Unlike generic rose scents, our formulation zeroes in on the unique nuances of the pink rose: a fresh, dewy sweetness with a hint of green in the initial notes, reminiscent of rose petals kissed by morning dew. This evolves into the full, true heart of the pink rose—delicate, tender, and captivating. The lingering base notes, subtle and grounding, ensure the fragrance remains consistent and beautifully balanced from start to finish.

This essence is a powerful tool for emotional connection and therapeutic benefits. The aroma of rose is widely recognized for its ability to soothe nerves, alleviate stress, and uplift mood, promoting feelings of peace and joy. The specific character of pink rose emphasizes tenderness and affection, creating an atmosphere that is both comforting and deeply romantic.

Highly concentrated, it offers exceptional longevity and diffusion, ensuring a lasting and pervasive aroma in your final products. It's versatile for a wide array of applications, from luxurious scented candles and reed diffusers that transform living spaces into fragrant sanctuaries, to indulgent body lotions, bath bombs, and fine perfumes that elevate personal care routines. Choose our Pink Rose Fragrance Essence to imbue your creations with the exquisite beauty and emotional depth of pure pink rose.

Product Feature:

Our Pink Rose Fragrance Oil is designed to capture and present the purest, gentlest and sweetest essence of the first blooming pink rose. It goes beyond the general expression of ordinary floral fragrance and focuses on restoring the delicate, fresh and subtle beauty of pink roses. The core feature of this essential oil lies in its extreme fragrance restoration. It accurately captures the sweetness and a hint of green of rose petals with dew in the morning as the top note; the middle note is full and true to show the charm of pure pink roses without any unnecessary complex elements; the base note ends with a soft and lasting background, making the overall fragrance coherent and rich in layers. Its unique advantage lies in the emotional and healing effects it can bring. The scent of pink rose is widely believed to have the effect of calming, relieving anxiety, and enhancing pleasure. It can effectively help users relax, improve mood, and create an atmosphere full of tenderness and love.

Pink Rose Fragrance

LDZ-PL40037

Technical Parameter:

Fragrance Notes - for information, not strictly a technical parameter	
Top Notes	Fresh, slightly sweet with a dewy feeling and a hint of green, it is like rose petals in the first rays of sunshine in the morning, light and full of vitality.
Middle Notes	The core of the fragrance is the pure and rich pink rose scent, which is delicate, gentle and layered, perfectly showcasing the elegance and romance of pink roses.
Base Notes	The soft and lasting base (which may have slight woody, amber or musk notes) blends perfectly with the sweetness of the rose, making the overall fragrance more mellow and coherent, leaving a long and lingering aftertaste.

Key technical parameters	
Flash Point	Typically between 180 °F (82 °C) and 212 °F (100 °C)
Fragrance Load / Scent Load	Between 6% and 12%
Solubility in Wax	Oil Solubility
IFRA Compliance	Meets the safety standards of the International Fragrance Association
Burn Stability	During the burning process, the aroma remains stable, no odor is generated, and the performance of the candle wick is not affected.

FUNCTIONS & APPLICATIONS

We are committed to providing high-quality essential oils that meet safety standards (such as IFRA compliance) to ensure that your products are infused with the authentic, safe and pleasant fragrance of pink roses.

As a highly concentrated fragrance oil, it has excellent fragrance retention and fragrance diffusion ability, and a small amount can achieve the desired fragrance effect. This makes it an ideal choice for multi-functional applications, not only as the core fragrance of scented candles, but also can be widely used in:

Home Fragrance	Fireless aromatherapy, aromatherapy spray, humidifier aromatherapy liquid, and aromatherapy sachets.
Personal Care	Perfume, shower gel, body lotion, soap, shampoo, massage oil.
DIY Handmade	Create a wide range of personalized fragrance and care products.
