Product Description

Pure Perfume Oils Romantic Amber Fragrance For Perfume With Free Sample LDZ-PL10230

Product Description:

Our "Romantic Amber Fragrance" is not the sweet and greasy fragrance that can be found everywhere on the market. It is a bold and layered personality statement tailored for those of you who are unwilling to be ordinary and cherish the depth of emotions.

It interprets the various styles of "romance" with a unique olfactory language. At the first encounter, the gentle prelude of bergamot or sweet orange is not a fleeting appearance, but a lead of deep charm, hinting at the extraordinary journey that is about to begin. Soon, the core amber fragrance surges like a fiery love - it is a mellow warmth interwoven by benzoin, labdanum and vanilla, not sweet, but a sensual light with precipitation and wisdom. This power interweaves with the gentleness of rose or jasmine, not simply softness, but the art of finding the ultimate balance between power and tenderness, just like your multifaceted personality, both firm and tender.

Product Feature:

The most fascinating thing is its deep base note: the perfect fusion of sandalwood, musk and patchouli, which creates the soul of the fragrance. It is not only lasting, but also a continuation of emotion, just like the indelible memories and promises in your life. This is not a frivolous romance, but a romance that has been precipitated over the years and is full of stories. It seems to cover you with an invisible halo, exuding a unique attraction in a low-key and confident manner, leaving a heart-warming reverie every time you turn around.

Choosing "Romantic Amber Fragrance" is to choose a life attitude, an ultimate pursuit of sensory experience. It will become your unique olfactory signature, which can tell your taste, your passion, and your undefined romantic chapter that belongs only to you without words.

Romantic Amber Fragrance

LDZ-PL10230

Technical Parameter:

Parameter Category	Specific parameters	Description and sample data
Aroma characteristics	Olfactory description	Rich earthy, woody aroma with a moist, slightly sweet and slightly spicy character
	Intensity	High, typical of concentrated essential oils.
	Longevity	The fragrance can last for 8-72 hours and has strong diffusion properties.
Physical and chemical properties	Appearance	Usually yellow to brown transparent liquid
	Specific Gravity	0.905- 1.055
	Refractive Index	1.4300 - 1.5800
	Flash Point	Usually above 70°C, ensuring safe use.
Chemical composition	Main ingredients	It mainly contains citronellol, geraniol (from rose), linalool, benzyl acetate (from ylang ylang), etc., and meets IFRA standards.
	Purity	The purity of high-quality extract can reach over 95%.
Stability	Storage conditions	Store in airtight container in a dark and cool place, ideally at 15-25°C.
	Shelf life	After 2-5 years, some high-quality agarwood and amber will "mellow" over time and have a better aroma.

Romantic Amber Fragrance

LDZ-PL10230

FUNCTIONS & APPLICATIONS:

Function Category	Description	Key Value
Aroma Creation	Delivers a complex, multi-layered scent with warm amber, sweet resins (benzoin, labdanum, vanilla), soft florals (rose, jasmine), and deep woody/musky undertones.	Crafts an enchanting, sophisticated, and memorable "romantic" olfactive profile for perfumes and scented products.
Fixative Properties	The inherent heavy and low-volatility nature of amber and its base notes provides excellent fixative qualities.	Significantly extends the longevity and overall diffusion of the fragrance, ensuring a lasting impression.
Emotional Impact	Evokes feelings of warmth, comfort, sensuality, and deep affection; promotes a sense of intimacy and luxury.	Enhances user experience by triggering positive emotional responses and creating a desirable mood.
Versatility in Blending	Harmonizes exceptionally well with various fragrance families (woody, floral, gourmand, spicy).	Allows perfumers broad creative freedom to develop unique and balanced compositions.

Product Category	Specific Applications	Primary Purpose/Effect
Fine Perfumery	Eau de Parfum, Eau de Toilette, Extrait de Parfum, Colognes (for both men and women).	Core ingredient for romantic, oriental, or warm woody/amber fragrances; enhances luxury and complexity.
Personal Care	Body lotions, shower gels, scented soaps, hair mists, bath oils, hand creams.	Imparts a luxurious and lingering romantic scent to daily grooming routines, elevating user indulgence.
Home Fragrance	Scented candles, reed diffusers, room sprays, potpourri, linen sprays.	Creates a cozy, inviting, and intimate atmosphere in living spaces; ideal for bedrooms or entertaining areas.
Gifting & Luxury	Components in high-end gift sets, bespoke fragrance creations, luxury packaging.	Elevates the perceived value and emotional appeal of products, making them ideal for special occasions.

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients.
